

ACCEPTED

1 JUL 02 1971

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the product registered under
EPA Reg. No. 10806-34

PERSONAL INSECT REPELLENT DIRECTIONS

Hold can 6 to 8 inches from surface to be treated and mist lightly. It is not recommended for wet surfaces.

For Clothing: Treat eyelids, forehead, neck, and areas of exposed clothing where insects may enter, also on those areas of clothing exposed beyond that treated on the person. Clothing so treated may be worn for several days.

For Exposed Areas of the Skin: The formula is non-toxic and odorless. It may be sprayed on the face and neck. For treating the face, spray in palms of hand and rub on face and neck. Then rub the repellent into the hair on the head and on the face and neck.

Repeat Application As Necessary

WARNING - FLAMMABLE

Contents of this canister are flammable. Keep away from fire. Do not use in enclosed areas. Do not use near open flames. Do not use in areas where smoking is prohibited. Do not use in areas where food is prepared or served.

This repellent is not for use on children under 12 years of age. Do not use on children under 12 years of age.
