US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS 767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE. <i>Under the Federal Insecticide, Fungicide, and Rodenticide Act.</i>	EPA REGISTRATION NO.	DATE OF ISSUANCE SEP - 7 1989
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NAME AND ADDRESS OF REGISTRANT (Include ZIP Code)

10806-73

NOTE Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Food use only. Do not use for...

Contact Lawn Spray Concentrate for Fleas

Kills Fleas and Asian Cockroaches and Other Listed
Outdoor Pests

ACTIVE INGREDIENTS:

*Cyano (3-penoxyphenyl) methyl 4-chloro-alpha-
(1-methylethyl) benzeneacetate

1.72%

INERT INGREDIENTS:

98.28%

100.00%

*Licensed under U. S. Patent No. 4,062,968 of Sumitomo Chemical Company.

EVERCIDE® - Registered Trademark of McLaughlin Gormley King Company.

TAB 9

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals

Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with water and get medical attention if irritation persists.

Do not spray plants used for food or feed.

Physical or Chemical Hazards

Do not use or store near heat or open flame. ✓

ACCEPTED
with COMMENTS
in EPA Letter Dated:

SEP - 7 - 69

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAWN FLEA CONTROL:

To kill fleas harboring in lawns use this concentrate in a hose-end sprayer. Place required amount of concentrate in sprayer jar (see chart below) and fill with water to the recommended level. Mix well. Attach to sprayer and spray as recommended. For best results lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

Amount of Product to Use Fluid Ounces*	Amount of Water to Use	Area to be Treated
1 1/3 fluid ounces	3 gallons	500 sq. ft. (50' X 10')
2 2/3 fluid ounces	6 gallons	1,000 sq. ft. (50' X 20')
5 1/3 fluid ounces	12 gallons	2,000 sq. ft. (50' X 40')

*NOTE: 1 fluid ounce = 2 Tablespoonsful = 6 Teaspoonsful

FOR OUTDOOR PESTS:

For contact: In a compressed air sprayer or watering can at the rate of sixteen (16) fluid ounces per one (1) gallon of water to control on contact cockroaches, silverfish, ants, crickets, sowbugs, spiders, and ticks. Use at the rate of one (1) gallon (diluted spray) per 1,000 square feet to outside surfaces of buildings, porches, patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

For perimeter treatment: To help prevent infestations of buildings by ants, crickets, spiders, centipedes, and sowbugs (pillbugs), treat a 12-18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance. Use sixteen (16) fluid ounces of concentrate per gallon of water and apply as a coarse mist spray at the rate of one (1) gallon per 1,000 square feet.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Keep container closed.

Disposal: Do not reuse empty container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.

Net Weight 8 oz.

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit all data required for registration of this product under FIFRA section 3(c)(1) when the Agency requires all registrants of similar products to submit such data.

2. Make the following changes listed below to the product label:

- a. Add the phrase "EPA Registration No. 10806-73."
- b. Change "Active Ingredients" to the singular.
- c. Add a footnote to the Inert Ingredients statement indicating:
 - *contains petroleum distillates.
- d. Under "If inhaled," add "Call a physician immediately" after "Apply artificial respiration if indicated."
- e. Add the following to the Precautionary Statements:

Food utensils such as tablespoons or measuring cups must not be used for food purposes after use in measuring pesticides.
