NAME OF PESTICIDE PRODUCT

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Contact: [redacted]
641 [redacted]
[redacted]

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered under section 3(c)(7)(C) of the Act.

1. Submit/cite all labeling for this product under this registration to the Registration Division, Office of Pesticides Programs, U.S. Environmental Protection Agency, Washington, DC 20460. All registrants of similar products must do so.

2. Make the labeling conform to the following instructions for shipment:

- Add the phrase "EPA Registration No. 10006-74."
- Change "Active Ingredients" to the singular.
- Add a street address or P.O. box number to the address on the front of the label.
- Add a footnote to the inert ingredient statement that reads:
Contains petroleum distillate.
- Under "IF Inhaled," modify as follows:

Apply artificial respiration if indicated and call a physician immediately.

f. Change the Precautionary Statements as follows:

Causes eye irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Wash thoroughly with soap and warm water after handling. For eyes flush with water and get medical attention if irritation persists.

Food utensils such as tablespoons or measuring cups must not be used for food purposes after use in measuring pesticides.

g. Add the following:

ENVIRONMENTAL HAZARDS

This product is toxic to wildlife and extremely toxic to fish. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

with COMMENTS
in EPA Letter Dated:

SEP 7 1970

Under the Federal Insecticide,
Fungicide and Rodenticide Act as
amended, this pesticide is
registered under EPA Reg. No.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING

Causes skin irritation. Harmful if swallowed. Avoid breathing vapors. May cause eye irritation. Do not get on skin, in eyes, or on clothing. Wash thoroughly with soap and warm water after handling. For eyes, flush with water and get medical attention if irritation persists.

Do not spray plants used for food or feed.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAWN FLEA CONTROL:

To kill fleas harboring in lawns use this concentrate in a hose-end sprayer. Place required amount of concentrate in sprayer jar (see chart below) and fill with water to the recommended level. Mix well. Attach to sprayer and spray as recommended. For best results lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

Amount of Product to Use Fluid Ounces*	Amount of Water to Use	Area to be Treated
1 fluid ounce	3 gallons	500 sq. ft. (50' X 10')
2 fluid ounces	6 gallons	1,000 sq. ft. (50' X 20')
4 fluid ounces	12 gallons	2,000 sq. ft. (50' X 40')

*NOTE: 1 fluid ounce = 2 Tablespoonsful = 6 Teaspoonsful

FOR OUTDOOR PESTS:

Mix concentrate in a compressed air sprayer or watering can at the rate of twelve (12) fluid ounces per one (1) gallon of water to control on contact cockroaches, palmetto bugs, ants, crickets, sowbugs, spiders, and ticks. Use at the rate of one (1) gallon (diluted spray) per 1,000 square feet to outside surfaces of buildings, porches, patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

Building Perimeter Treatment: To help prevent infestations of buildings by ants, crickets, spiders, centipedes, and sowbugs (pillbugs), treat a 12-18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance. Use twelve (12) fluid ounces of concentrate per gallon of water and apply as a spray.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Keep container closed.

Disposal: Do not reuse empty container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.

Net Weight 8 oz.
