AUG 18 2010

Subject: Label Notification(s) for Pesticide Registration Notice: 83-3, 98-10, 2007-4 & 2008-1

Dear Ms. Davis:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated for June 7, 2010

EPA Registration Number: 10806-88 Roach and Ant Killer X

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please re reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Melody Banks on 703 305-5413.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Suarez".

Mark Suarez
Product Manager 13
Insecticide Branch
Registration Division (7504P)

NOTIFICATION

AUG 18 2010

Explanation: Use additional page(s) if necessary. (For Section I and Section II.)

Submit Non-PRIA Label Revision Notification per PR Notices 83-3, 98-10, 2007-4 and 2008-1.

This notification is consistent with the provisions of PR Notices 83-3, 98-10, 2007-4 and 2008-1 and EPA regulations at 40 CFR § 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this notification is not consistent with the terms of PR Notices 83-3, 98-10, 2007-4 and 2008-1 and 40 CFR § 152.46 this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Arlington, VA 22202

Dear Mr. Gebken:

Subject: Contact Industries
Roach and Ant Killer X
EPA Reg. No. 10806-88

On behalf of **Contact Industries**, RegWest Company, LLC is submitting the attached documents in response to PR Notices 83-3, 2007-4 and 2008-1. RegWest Company will act as sole agent in this endeavor.

In addition to the PR Notices changes, we are making additional revisions such as updating an outdated address. Please refer to the *Reference Label* for an illustration of all revisions.

Please note the current approved label does not bear an Environmental Hazards section; it should. Therefore, we are updating the label with this addition to conform to the language required by PR Notice 2008-1.

Please contact me at 970.353.0611 or kim@regwest.com if you have any questions or comments concerning this submission.

Regards,
RegWest Company, LLC

Kim Davis,
Consultant/Agent

CAUTION

See back panel for First Aid and Precautionary Statements

Net Contents: 12 oz

EPA Reg. No. 10806-88

EPA Est. No.10806-NJ-

First Aid

If In Eyes:	• Flush with plenty of water. Get medical attention if irritation persists.
If on Skin or Clothing:	• Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.
If Inhaled:	• Remove victim to fresh air. Apply artificial respiration if necessary.
If Swallowed:	• Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. [For information regarding medical emergencies or pesticide incidents, call {24/7 telephone number}.]	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

Do not use in commercial food processing preparation, food storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food should be covered or removed.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

Environmental Hazards

This pesticide is highly toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide away from the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in manner inconsistent with its labeling.

General: Use Residual Spray from Contact Roach and Killer X as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

For Spot Treatment:

To Kill Ants, Carpet Beetles, Cockroaches, Crickets, Silverfish, Sowbugs and Spiders:

Spray areas where these pests are found or may hide, including dark corners of rooms and closets: cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas:

Thoroughly apply as spray treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. **Do Not Spray Pets With This Product.**

For Crack and Crevice:

To Kill Ants, Brown Dog Ticks, Carpet Beetles, Cockroaches, Crickets, Fleas, Silverfish, Sowbugs and Spiders: Apply diluted spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Flies and Mosquitoes: Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localize resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surface will be killed. Repeat treatment when necessary.

6
6

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry (preferably locked) area away from heat or open flame. **Pesticide Disposal and Container Handling:** Non-refillable container; do not reuse or refill this container. Do Not Incinerate or Puncture!
If empty: Place in trash or offer for recycling if available. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency for disposal instructions.
