ACCEPTED

APR 1 1973

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND FUNGICIDE ACT
FOR ECONOMIC POISON REGISTERED
EPA UNDER NO. 10807-5

DIRECTIONS

INDOORS: To kill Flies, Mosquitoes, Gnats, Wasps and Flying Moths. Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5-10 seconds for average room. Keep nozzle 3 feet from surfaces. Keep room closed for 15 minutes after spraying. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Apply only when food facilities are not in operation.

To kill Roaches, Waterbugs, Silverfish, Crickets and Ants. Spray baseboards, cracks, crevices, moist areas, and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and ant trails over window and door sills and other locations.

For house plants, spray in short bursts, holding the can 18 inches from foliage for such plants as English Ivy and African Violets. Spray both sides of the leaves lightly. Do not wet. Repeat as often as necessary. Kills Aphids (plant lice), Spider Mites, Exposed Thrips, and Lace Bugs.

OUTDOORS: For insects on Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladioli, Irises, Marigolds, Petunias, Roses and Snapdragons. Also for insects on Evergreens and Small Ornamental Deciduous Trees, Shrubs and Vines.

When sprayed directly on insects this spray kills sucking insects: Aphids, Leafhoppers, Spotted Mites, Thrips (exposed) and Lace Bugs. Kills chewing insects: Mexican Bean Beetles, Climbing Cutworms and Japanese Beetles on plants listed above.

For best results spray in evening or on a cloudy day when air is still. Use slow sweeping motion. Keep can 18 inches from plants. Avoid wetting foliage with the spray. Spray rows at the rate of 1 foot per second. For heavy growth spray row on both sides. Repeat when needed. Spray with caution on young plants and heavy growth. Do not spray when temperature exceeds 90°F.

ACTIVE INGREDIENTS

Pyrethrin	5%
* Piperonyl butoxide (technical)	50
Nonyl bicyclopheptene dicarboximide	50
Petroleum distillate	8 3/4

INERT INGREDIENTS 90.00

* Consists of 40% (butylcarbitol ester) pyrethrin, 20% pyrethrin and 10% related compounds.

WARNING: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Store upright in a cool place (not over 120°F). Do not place on hot surface. Do not puncture the can. Never throw in fire or incinerator. May stain finished surfaces if sprayed too closely. Do not remain in treated areas and ventilate the area after treatment is completed.
