NET WEIGHT 1 LB. 2 OZ.

ACCEPTED
11/2/72
10807-8
SUBJECT: AEROSAN COMMENTS

USES

Glycol air sanitizer is especially suited for use in bathrooms, washrooms, auditoriums, public rooms, hotel lobbies, theatres, hospitals, classrooms, railroads, airplanes, buses, taxicabs, sitting rooms, locker rooms, factories, mills, department stores and any other similar enclosed area where the control of odors and the reduction of airborne bacteria and viruses is important.

Glycol air sanitizer will aid in the controlling of odors such as body odors, stale smoke, cooking odors, etc. Frequent use will provide refreshed, pleasant air all day.

DIRECTIONS

Remove cap and point the valve opening away from your face. Spray the room until a light fog forms. To sanitize the air, spray 6 to 8 seconds in an average room (10 x 10). This will deodorize the room, reduce the number of airborne bacteria and virus particles and leave your room smelling pleasant.

Active Ingredients	39.7%
Ethanol	32.1%
Triethylene Glycol	4.5%
Propylene Glycol	3.0%
N-Alkyl (50% C ₁₄ , 40% C ₁₂ , 10% C ₁₆) Dimethyl Benzyl Ammonium Chloride	0.1%
