

18 / SEP 1988  
Mr. Toney H. Jackson  
Technical Director  
Eco Corp. Inc.  
300 Industrial Park Drive  
Marietta, GA 30062

Dear Mr. Jackson:

Subject: Labeling Amendment Submitted, in Response to  
PR Notice 87-5  
EPA Registration Number 10807-19

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comments.

1. The label claim for the active ingredient must not be greater than the lower Certified Limits. Bring your label into compliance.

2. Add the statement "Contains Petroleum Distillates" below the ingredients statement.

3. PR Notice 87-11 withdrew PR Notice 87-8. You may keep the labeling added in response to PR Notice 87-8 or you may use the labeling called for in 40 CFR 156.10 (previously 40 CFR 162.10) for the Physical or Chemical Hazards section.

4. Replace the statement "Call a physician immediately." with "Call a physician or Poison Control Center immediately."

5. Add the statement "Do not puncture or incinerate." to the disposal section.

6. Replace the statement "All food processing surfaces should be covered or thoroughly cleaned before using." with "After use, food contact surfaces and equipment must be washed with an effective cleaning compound followed by a potable water rinse."

7 Change the signal word CONCURRENCES "Warning" to "Caution."

*Look at the word and Jean's new word to caution? yes.*

*Phenol, with these types of products, when do we worry about electrical hazards when the direction say to spray in systems?*

**DIRECTIONS**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Use one can for each 6,000 cu ft. of unobstructed area. Shut off fans, air conditioners, all flames and pilot lights. Close doors and windows and keep closed for 2 hours before airing out. Point the valve opening away from your face while locking the valve into position, then place it on a stand or table covered with newspapers in center of unobstructed area. Leave the building at once and ventilate at least 30 minutes before returning. The can may be used manually or the valve can be locked in open position. To lock valve in open position for automatic discharge, press valve button all the way down. If this can has been sprayed manually, use a new can for fogging or use the partial can in smaller than 6,000 cu ft. areas.

To kill flying insects and individual wasps that are flying about the room, use as a fogger. Fallen insects should be swept up and destroyed. To kill crawling insects, spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under wallpaper, baseboards and storage areas. Repeat applications as necessary.

**FOR CONTROL OF EARWIGS AND CENTIPEDES:** Spray directly on insect in addition to insect hiding places. Ants: Spray insects, doors, window frames and trails and hills.

**TICKS AND FLEAS:** Spray directly on insects as well as floors, floor coverings, baseboards, cracks, crevices, infested furniture and animal sleeping areas. Bedding should be treated and allowed to dry before replacing.

**SPIDERS:** Spray directly on insects, webbing and where pests harbor.

**STORAGE & DISPOSAL**

**STORAGE:** Store in cool area away from heat or open flame.

**DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

**FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY**

*This is oil base, no shock hazard that I*

# ROOM FOGGER

KILLS EXPOSED:

FLIES, MOSQUITOES, GNATS, WASP, FLEAS, SMALL FLYING MOTHS, SPIDERS, TICKS, ANTS, EARWIGS & CENTIPEDES

**ACTIVE INGREDIENTS:**

\*-[5-Benzyl-3-furyl] methyl 2, 2-dimethyl-3-[2-methylpropenyl] cyclopropane-carboxylate ..... 0.500%

Related compounds ..... 0.068%

**INERT INGREDIENTS:** ..... 99.432%

**TOTAL:** ..... 100.000%

Cis/trans isomers ratio: Max. 30% (+ or -) cis and min. 70% (+ or -) trans. • U.S. Patent No. 3,465,007.

This product contains the toxic inert ingredient methylene chloride.

KEEP OUT OF REACH OF CHILDREN. WARNING

See back panel for further precautions.

NET WT. 14 OZ.

**PRECAUTIONARY STATEMENTS**  
 Hazards to Humans and Domestic Animals  
**WARNING**
