DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use one can for each 6,000 cu. ft. of unobstructed area. Shut off fans, air conditioners, all flames and pilot lights. Close doors and windows and keep closed for 2 hours before airing out. Point the valve opening away from your face while locking the valve into position, then place it on a chair or table covered with newspapers in center of unobstructed area. Leave the building at once and ventilate at least 30 minutes before returning. The can may be used manually or the valve can be locked in open position. To lock valve in open position for automatic discharge, press valve button all the way down. If this can has been sprayed manually, use a new can for fogging or use the partial can in smaller than 6,000 cu. ft. areas.

To kill flying insects and individual wasps that are flying about the room, use as a trigger. Flying insects should be swept up and destroyed. To kill crawling insects, spray thoroughly into hiding places, such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Repeat applications as necessary.

FOR CONTROL OF EARWIGS AND CENTIPEDES: Spray directly on insect in addition to insect hiding places. **ANTS:** Spray insects, doors, window frames, ant trails and hills. **TICKS AND FLEAS:** Spray directly on insects as well as floors, floor coverings, baseboards, cracks, crevices, infested furniture and animal sleeping areas. Bedding should be treated and allowed to dry before spraying.

SPIDERS: Spray directly on insects, webbing and where casts harbor.

STORAGE & DISPOSAL

STORAGE: Store in cool, dry area away from heat or open flame.

DISPOSAL: Do not puncture or incinerate. To reuse empty container, wash and label and put in trash collection.

AMREP ROOM FOGGER

KILLS EXPOSED
FLIES, MOSQUITOES,

SMALL FLYING MOTHS,
SPIDERS, TICKS, ANTS,
EARWIGS & CENTIPEDES

ACTIVE INGREDIENTS:
*-[5-Benzyl-3-furyl] methyl-2,
2-dimethyl-3-[2-methylpropenyl]
cyclopropanecarboxylate 0.500%
Related compounds 0.068%
INERT INGREDIENTS: 99.432%
TOTAL: 100.000%
Cis/trans isomers ratio: Max. 30% (+ or -) cis
and min. 70% (+ or -) trans. + U.S. Patent No. 3,485,007.

Contains Petroleum Distillates

KEEP OUT OF REACH
OF CHILDREN

CAUTION

See back panel for
further precautions.

NET WT. 14 OZ.

PRECAUTIONARY STATEMENTS

Hazards to Humans and

Domestic Animals

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician or Poison Control Center immediately. In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for 2 hours after spraying before returning patients to the room. Use in food processing plants only when plants are in operation. Food should be removed or covered during treatment. After use, all food contact surfaces and equipment must be washed with an effective cleaning compound followed by a potable water rinse. Avoid contamination of food and feed stuff. Remove pets, birds and fish before using. Do not spray on walls, composition tile or plastic.

PHYSICAL OR CHEMICAL HAZARDS

THIS PRODUCT CONTAINS AN EXTREMELY FLAMMABLE PROPELLANT. Do not use or store near fire, sparks, or heated surfaces. Turn off pilot lights in gas appliances and unplug or turn off electrical equipment in the use area. After airing out, phase is completed, relight pilot lights and reconnect electrical current. Do not smoke in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.
