USES

This is a concentrated general purpose cleaner which cleans, disinfects, and deodorizes. It kills Staph, Salmonella and Pseudomonas on hard surfaces when used as directed. This is a foaming cleaner that should be used on tile, porcelain, ceramics, metal, stainless steel, bathtubs, hampers, tables, chairs and walls. For use in hospitals, schools, hotels, motels, offices, restaurants, locker and rest rooms. Surfaces should be cleaned and disinfected on a regular basis. All food contact surfaces must be rinsed with potable water before reuse.

DIRECTIONS

To disinfect hard non-porous surfaces (such as those listed above), proceed as indicated below:
(1) Shake can before using. (2) Hold six to eight inches from surface to be treated. (3) Spray area until it is covered with a white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing necessary. (4) Wipe off with a clean cloth, mop or sponge.
The product will not leave grit or soap scum. For heavy soiled areas, remove gross soil before treatment.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
