CONCURRENCES

SYMBOL	SURNAME	DATE					

ACCEPTED
 JAN 10 1989
 Under the Federal Insecticide, Fungicide and
 Rodenticide Act, as amended, for the
 pesticide registered under
 EPA Reg. No. **10807-26**

USES

Glycol air sanitizer is especially suited for use in bathrooms, washrooms, auditoriums, public rooms, hotel lobbies, theaters, hospitals, classrooms, railroads, airplanes, buses, taxicabs, sitting rooms, locker rooms, factories, mills, department stores and any other similar enclosed area where the control of odors and the reduction of airborne bacteria and viruses is important.

Glycol air sanitizer will aid in the controlling of odors such as body odors, stale smoke, cooking odors, etc. Frequent use will provide refreshed, pleasant air all day.

DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove cap and point the valve opening away from your face. Spray the room until a light fog forms. To sanitize the air, spray 6 to 8 seconds in an average room (10' x 10'). This will deodorize the room, reduce the number of airborne bacteria and virus particles and leave your room smelling pleasant.

STORAGE & DISPOSAL

Storage: Store in a cool area away from heat or open flame.
Disposal: Do not reuse empty container. Wrap container and put in trash collection.

EPA Reg. No. 10807-26
 EPA Est. No. 10807-GA-1
