Mr. Richard H. Neill
AMREP, Inc.
63 Industrial Drive
Cartersville, GA 30120

Dear Mr. Neill:

Subject: Amendment - Deletion of Methylene Chloride from Product Formulation
Misty Powder Puff Residual Insecticide
EPA Registration No. 10807-33
Your Application Dated April 26, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A Stamped copy is enclosed for your records.

At the next label printing separate and highlight each heading under the Statement of Practical Treatment. Also, highlight and separate the "Directions For Use" heading from the misuse statement.

The subject Confidential Statement of Formula (CSF), which reflects the deletion of methylene chloride from this formulation, is acceptable provided you revise the following:

Change the upper and lower certified limits for petroleum distillates to 4.95% and 4.90%, respectively.

Sincerely,

George T. LaRocca
Product Manager 15
Insecticide-Rodenticide Branch
Registration Division (E7505C)
