House Plant and Garden Spray

An Insecticide-Miticide
for use on
Indoor and Outdoor Plants

E.P.A. Reg. No. 10807-35

CAUTION
KEEP OUT OF REACH OF CHILDREN
See rear panel for additional precautions

Net Weight 1 Lb. 2 Oz.

DIRECTIONS

This insecticide may be used on potted plants or in small gardens, and for spot treatment of incipient insect infestations to prevent spreading in large gardens.

Press button holding opening away from you and about 18 inches from foliage to be sprayed. Apply when air is still and foliage is dry; avoid spraying in direct sunlight. Avoid visibly wetting foliage. Spray both top and bottom of foliage lightly, using short one-second bursts. Do not over-spray, since very little is needed for effective kill. Direct spray at insects, making sure to contact Japanese beetles. Repeat as necessary.

This spray may be used on African violets, asters, azaleas, begonias, camellias, carnations, chrysanthemums, dahlias, delphiniums, dogwood, English ivy, Euonymus, fuchsia, geraniums, crassula, ornamental grape vine, Kentia palm, laurel, marigolds, rhododendrons, roses, rubber plants, snap dragons, stocks, Wandering Jew, and zinnias to kill Japanese beetles, hit by spray, as well as aphids, exposed thrips and spider mites. Also effective against lace bugs, pavement ants, clover mites, and army worm.

Do not use on maidenhair fern, lantana or cyclamen.

ACTIVE INGREDIENTS

Pyrethrins	0.026%
*Piperonyl Butoxide, Technical	0.256%
Rotenone	0.128%
Other Cube Extractives	0.236%
Isothymoxy chloroethyl Ether	0.313%
Petroleum Distillate	0.102%
INERT INGREDIENTS	98.939%
	100.000%

*Equivalent to 0.205% (butylcarbityl) (6-propylpiperonyl) ether and to 0.051% of related compounds.

CAUTION: Avoid contamination of feed or food stuffs. Avoid breathing of spray or contact with eyes or skin.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

Do not use near fish bowls or aquaria.
