

ACCEPTED

JAN 10 1989

Under the Federal Insecticide, Fungicide, and
Rodenticide Act, as amended, for the
pesticide registered under
EPA Reg. No. 10707-39

This module is specially designed for use in closed areas where the control of odors is important. It will aid in the control of odors such as body odor, stale smoke, and cooking odors. It should be used in restrooms, dining rooms, serving areas, halls, lounges, offices, locker rooms, schools, as well as most public or private areas where odor control is needed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

Directions: Before placing, hand spray the air to prime. For best effect, hang dispenser about eye level and in a location where moving air will carry the particles throughout the desired area. One dispenser is recommended per 6000 cubic feet. Air movement and ventilation rate may vary; this somewhat. Should you wish to activate the Air Sanitizer, manually close the doors and windows, fill the room with mist and leave the room closed for 15 minutes.
