

*Jane Subnuman*

Kills Wasps, Hornets and Yellow Jackets. This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed. Good for use around food processing plants, restaurants, farms, utility poles and houses.

This formulation utilizes pyrethrins, piperonyl butoxide and a carbamate type insecticide, a combination particularly effective on this class of insects.

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. If poisoning occurs, get prompt medical aid.

To Physician - Atropine sulfate is antidotal.

**WARNING:** Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting. Never throw container into fire or incinerator.

# MISTY

## Wasp & Hornet KILLER

**Jet Stream Up to 15 ft. range!**  
**NON-CONDUCTIVE**  
**up to 3,500 volts**

EPA Est. 10807-GA-1  
 E.P.A. Reg. No. 10807-48

**WARNING:** Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator. Keep out of reach of children.  
**NET WT. 14 OZS.**

**DIRECTIONS**  
 To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible, and under eaves, into nests, cracks, holes or crevices where insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house spray around points where outside plumbing, faucets, enter the house and into any cracks or crevices in foundation as well as along sills and ledges.

**For Outdoor Use Only**

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed.

Avoid contamination of food, utensils, food preparation areas. This product is toxic to fish and wildlife. Remove pets from area before spraying. Keep out of lakes, streams, or ponds. Apply this product only as specified on this label.

**ACTIVE INGREDIENTS:**

Pyrethrins	10%
Piperonyl butoxide, technical	20%
N-octyl bicycloheptene dicarboximide	33%
2-(1-methylethoxy) phenol methylcarbamate	50%
Petroleum distillate	87%
<b>INERT INGREDIENTS:</b>	98.00%
	100.00%

\*Equivalent to .16% (butylcarbityl) (6-propylpiperonyl) ether and .04% other related compounds.  
 \*\*Baygon, U.S. Pat. No. 3,111,539.  
 MGK 264, insecticide Synergist.
