

Kills Wasps, Hornets, and Yellow Jackets. This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the place sprayed. Good for use around food processing plants, restaurants, farms, utility poles and houses.

This formulation contains pyrethrins, piperonyl butoxide, and a ventamate type insecticide, a combination particularly effective on the stings of insect.

DIRECTIONS FOR USE

Use as a contact or repellent. Mix to use this product in a manner recommended with the label.

To Operate: Mix as per instructions and depressurize the container. Aim spray opening at the insects. Do not inhale. Direct spray at the insects, avoiding people and undesirable surfaces. Insects, holes, holes, or crevices where insects are hidden. Spray for about 15 seconds or until surface is moist from insecticide. To prevent the return of insects to the house, spray around doors where they enter, pointing the nozzle into the house and into any cracks and crevices in foundation as well as along sills and ledges.

CAUTION: Do not use on painted, shiny, reform, or auto paint.

STORAGE & DISPOSAL

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wash container and recycle in trash collection.

EPA REG. NO. 101-7448

ACCEPTED

JUL 10 1982

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 101-7441

WASP & HORNET KILLER

WASP & HORNET KILLER

**JET STREAM UP TO 15 FT.
NON-CONDUCTIVE UP TO
18,500 VOLTS**

ACTIVE INGREDIENTS

Pyrethrins	0.10%
*Piperonyl Butoxide technical	0.20%
Methyl bicycloheptene dicarboximide	0.33%
2-(1-methylethoxy) phenol methylcarbamate	0.50%

INERT INGREDIENTS

TOTAL	96.87%
*Equivalent to 0.16% (Butylcarbitol) (propylpiperonyl) ether and 0.04% other related compounds	100.00%

CONTAINS
PETROLEUM DISTILLATES

KEEP OUT OF REACH OF CHILDREN.

CAUTION

See back panel for additional cautions.

NET WT. 18 OZ (1 LB. 2 OZ.)

PRECAUTIONARY STATEMENTS
Hazardous to Humans and Domestic Animals

CAUTION

KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. If poisoning occurs, get prompt medical aid. TOXIC: CYANATROPINE SULFATE IS AN ANTIDOTE.

FOR OUTDOOR USE ONLY

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of food utensils, food preparation areas. This product is toxic to fish and wildlife. Remove pets from area before spraying. Keep out of lakes, streams or ponds. Apply this product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

FLAMMABLE: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists. **IF ON SKIN OR CLOTHING:** Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists. **IF SWALLOWED:** Get medical attention immediately.
