

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring the pests. Special attention should be paid to cracks, hidden surfaces, under sinks, behind stoves, and refrigerators. For ants, use areas and wherever there is a trail. Kill cockroaches by spraying the areas around kitchen and the crevices in areas of entry. Repeat as necessary.

To Kill Carpet Beetles: Directly spray carpet beetles as you find them. Spray the perimeter and edges of upholstered furniture. Be sure to get behind of the carpet as they would be sprayed there. Apply a dust to the top of the area under furniture and wherever the insect may be hidden to protect itself as necessary.

To Kill Exposed Forms of Confusion: Kill Exposed Sawflies, Ground Squirrels, Wood-boring Insects, Fleas, and Fleas on Pets. To kill wood-boring insects, spray the exposed parts of the wood. For sawflies, spray the exposed parts of the wood. For fleas on pets, spray the pet's coat. For fleas on pets, spray the pet's coat and return package after use. Have dried. Repeat as necessary.

To Kill Army Corpses, Fleas, and Ticks: Contact insects as much as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring the pests. Special attention should be paid to cracks, crevices, hidden surfaces, under sinks, behind stoves and refrigerators. Kill Fleas and Brown Dog Ticks. Remove and destroy old pet bedding. Spray carpet, quarters of pets, around baseboards, window and door frames, wall cracks, and other areas of floor. Repeat as necessary. Do not spray animals. Put fresh bedding in pet's quarters after spraying is done. After treatment, wash and replace pet's bed and bedding. Repeat as necessary. For ticks, use the same method as for fleas.

EPA REG. NO. 10807-61
EPA EST. NO. 10807 GA-1

MANUFACTURED BY
AMREP, INC.
990 Industrial Park Drive
Marietta, GA 30062

DUALCIDE
ODORLESS

FOR USE ONLY IN HOUSEHOLD AND NON FOOD AREAS OF INDUSTRIAL AND INSTITUTIONAL BUILDINGS

Kills Common Household Pests: House Flies, Mosquitoes, Cockroaches, Fire Brats and Others. (Listed on back panel.)

ACTIVE INGREDIENTS:
Tetramethrin [(1-cyclohexene-1,2-dicarboximide)methyl 2,2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate] 0.200%
*3-Phenoxybenzyl d-cis and trans **2,2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate 0.191%
*Other isomers 0.009%
INERT INGREDIENTS: 99.600%
TOTAL: 100.000%

*d [cis, trans] phenothrin
**cis/trans isomer ratio: max. 25% (+ or -) cis, min. 75% (+ or -) trans.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel for additional precautionary statements.

NET WT. 16 OZ. (1 LB.)

PRECAUTIONARY STATEMENTS- HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately.

Do not use in commercial food processing, preparation, storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food. Remove pets, birds, and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS: THIS PRODUCT CONTAINS AN EXTREMELY FLAMMABLE PROPPELLANT. Do not use or store near fire, sparks, or heated surfaces. Turn off pilot lights in gas appliances, and unplug or turn off electrical equipment in the use area. After airing out phase is completed, relight pilot lights and re-connect electrical current. Do not smoke in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Incineration of container may cause explosion.

DIRECTIONS FOR USE-General Classification: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL
Storage: Store in a cool area away from heat or open flame.
Disposal: Do not reuse empty container. Wrap container and put in trash collection.

SHAKE BEFORE USE: Hold container upright. Apply in short bursts.
To kill Flies, Mosquitoes, Small Flying Insects and Gnats: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate thoroughly before re-entry. Sweep up and destroy fallen insects.
