

**USES**

Glycol air sanitizer is especially suited for use in bathrooms, washrooms, auditoriums, public rooms, hotel lobbies, theatres, hospitals, classrooms, railroads, airplanes, buses, taxicabs, sitting rooms, factories, mills, department stores and any other similar enclosed area where the control of odors and the reduction of airborne bacteria and viruses is important.

Glycol air sanitizer will aid in the controlling of odors such as body odors, etc. Frequent use will provide refreshed, pleasant air all day.

<b>ACTIVE INGREDIENTS:</b> .....	<b>92.4%</b>

**WARNING: KEEP OUT OF  
REACH OF CHILDREN. CONTENTS  
UNDER PRESSURE.**

**See Side Panel For Additional  
Precautionary Statements**

**NET WT. 16 OZ. (1 LB.)**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Point the valve opening away from your face. Spray the room until a light-fog forms. To sanitize the air, spray 6 to 8 seconds in an average room (10x10). This will deodorize the room, reduce the number of airborne bacteria and virus particles and leave your room smelling pleasant.

**Precautionary Statements  
Hazards to Humans and  
Domestic Animals**

**WARNING**

Keep out of the reach of children. Avoid spraying in the eyes and do not spray on food or foodstuffs. In case of contact, immediately flush eyes with plenty of water. Contents under pressure. Do not puncture. Do not store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

**DISPOSAL** Do not reuse empty container. Wrap container and put in trash collection.
