

12 JUN 1992

Ms. Susan Watson
 Amrep, Incorporated
 990 Industrial Park Drive
 Marietta, GA 30062

Dear Ms. Watson::

Subject: Updated Labeling
 Misty Delete 3% Multipurpose Spray
 EPA Registration Number 10807-74
 Submission dated May 27, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act. as amended, is acceptable subject to the comments listed below. Submit one (1) copy of the finished labeling prior to releasing the product for shipment.

1. Submit a current Confidential Statement of Formula which includes all of the pertinent information, including the upper and lower certified limits, the bulk density of the product, and the flashpoint/flame extension.
2. The pesticide product referenced above was not located in the List of Proprietary Substances and Nonfood Compounds Authorized for use under USDA Inspection and Grading Programs. Delete the statement "Authorized by USDA for use in federally inspected meat and poultry plants" and the statement "This undiluted spray may be applied in facilities operating under USDA poultry, meat, rabbit, and egg processing inspection program", or submit verification that this product has been approved by USDA for use in the federally inspected food processing plants.
3. Delete the term "related compounds" from the label ingredients declaration. Unless otherwise substantiated, these isomers should be considered inert compounds. If the "related compounds" are determined to have pesticidal activity, they should be incorporated into the declaration for the active ingredient, and not distinguished separately as "related compounds" or "other isomers".

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
CAUTION**

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes or clothing. Wear mask or respirator of type recommended by NIOSH (National Institute for Occupational Safety and Health) to give adequate protection against this material. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water separately from other clothing before re-use.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in bakeries and other food processing plants, facilities and equipment must be thoroughly washed with an effective cleaning compound and rinsed with potable water after spraying. In the home, all food processing surfaces and utensils should be covered during treatment and thoroughly washed before use. Remove pets and birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT: In case of skin contact, wash affected area with soap and water. For eyes, flush with large volumes of clear water and seek prompt medical attention. For accidental ingestion, contact physician immediately. Do not induce vomiting unless instructed by physician to do so as aspiration pneumonia is a potential hazard. **PHYSICAL OR CHEMICAL HAZARDS:** Extinguish open flame before space spraying. This formulation is combustible. **DO NOT USE POUR, SPILL OR ST. NEAR HEAT OR OPEN FLAME.**

DIRECTIONS FOR USE: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

STORAGE & DISPOSAL:

Storage: Do not expose product to heat, sparks or open flame. Store container in a cool, dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbent and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures.

Container Disposal: This is not a reusable container. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

GENERAL: Consult federal, state or local authorities for approved alternate procedures.

This concentrate is designed for use undiluted in ULV sprayers such as the LECC Min-U-V or Micro-Gen, which give particles of aerosol size. It can also be diluted with oils which meet Food Additive Regulations (21 CFR) for use in mechanical fogging equipment such as the Microfog or Challenger machines which give larger particles. It can also be diluted with oils specified and applied as a contact spray. For use in ULV mechanical aerosol generators such as the LECC Min-U-V or Micro-Gen, Apply undiluted at the rate of 0.5 fl. oz. of concentrate per 1000 cubic feet of space. Direct output from aerosol generator upwards towards upper corners of room and ceiling. This undiluted spray may be applied in facilities operating under USDA poultry, meat, rabbit and egg products inspection program.

Extinguish all flames in the area to be treated. Shut off all air conditioning or ventilating equipment. Vacate room before application. Leave generator on for 10 minutes after spraying. Ventilate room thoroughly before re-entry.
