Dear Ms. Watson:

Subject: Amendment: Food Processing Directions
Misty Accur-Spray II Wasp & Hornet Killer
EPA Reg. No.: 10807-83
Submission: May 4, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

The ingredient statement should be revised as follows:

a. The percent of resmethrin should be a total of all active components of this product. Unless otherwise substantiated, add the related compounds percentage to the resmethrin percentage and delete the reference to related compounds. Retain the footnote to the active ingredient statement regarding the isomers.

b. Delete Aromatic petroleum hydrocarbons and petroleum distillate from the active ingredient list and add this percentage to the total for inert ingredients. Declare "Contains petroleum distillate" as a footnote to the ingredient statement.

c. Add an "Environmental Hazard" statement as follows:

Environmental Hazards: This pesticide is highly toxic to fish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by disposal of pesticide.

Sincerely,

RFM
