ACCEPTED

AUG 18 1982

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 10867-85

AMITY

ANT, ROACH & SPIDER RESIDUAL INSECTICIDE

FOR APPLICATION BY TRAINED PERSONNEL ONLY
 Kills Ants, Roaches, Spiders and Certain Other Listed Crawling Insects In and Around the Home, School, Theaters, Warehouses, Motels, Hotels and Other Industrial Establishments
 INSECT KILLING POWER LASTS FOR 4 TO 6 WEEKS INDOORS

ACTIVE INGREDIENTS Pyrethrin	0.008%
Piperonyl butoxide, technical	0.100%
1N-Octyl bicycloheptene dicarboximide	0.100%
2-(1-methylethoxy) phenol methylcarbamate	1.000%

INERT INGREDIENTS: 98.684%
 TOTAL: 100.000%

CONTAINS PETROLEUM DISTILLATES;
 *Equivalent to 0.88% (butylcarbitol)(6-propylpiperonyl) ether and 0.02% related compounds.
 *MGK 254, Insecticide Synergist

**KEEP OUT OF REACH OF CHILDREN
 CAUTION**

See side panel for additional precautionary statements.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Con or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Avoid contact with food, utensils and food preparation areas. Rem fish bowls before spraying. If poisoning occurs, get prompt medical attention. Note to Physician: Atropine sulfate is antidote. Do not use in edible products area of food restaurants or other areas where food is commercially prepared or processed. Do not use in areas where food is exposed. In the home, all food processing su should be covered during treatment or thoroughly washed before use. Cover exposed food.

Physical Hazards: Flammable. Keep away from heat and open flame.

Statement of Practical Treatment: IF SWALLOWED: Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting; mouth to an unconscious person. Call a physician.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove to fresh air if effects occur, and call a physician.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE and DISPOSAL

Storage: Do not expose product to heat, spark or open flame. Store container in a cool, dry location. Do not expose product to temperature extremes. Store product in container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain absorbant and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by local authorities.

GENERAL: In the Home and Non-Food Areas of Industrial Establishments: Spray surfaces to wetting. Point spray away from people, plants and pets. Avoid excessive rubber or asphalt surfaces, such as tile and floor coverings. Do not apply to rugs, carpets, wall paper or similar materials that may be stained. Repeat as needed.

For Spot Treatment:
Indoor Use: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES (exposed stage), WATERBUGS: Spray in around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. Do not spray foodstuffs or houseplants. For ants, spray trails and places where ants enter premises. Do not allow children to contact treated surfaces until surfaces are dry.
BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames and wall cracks. Repeat as needed. Fresh bedding should be placed after spraying. Do not spray animals. Treat pets with a product registered for animal application to control the source of the tick infestation.
 Kills Spiders, Sowbugs, Earwigs, Roaches, Ants, Crickets, Scorpions, Millipedes, Silverfish, Fleas, Saw-Toothed Grain Beetles (exposed stage), Brown Dog Ticks (exposed stage). This formulation gives rapid kill of crawling insects listed below including those resistant to certain chlorinated hydrocarbon phosphate insecticides. Spray residues kill insects 2 weeks after the spray deposit has dried.

For Crack and Crevice—Apply as Follows: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SOWBUGS, SPIDERS, EARWIGS, BROWN DOG TICKS, FLEAS, CARL DERMESTIDS. Apply undiluted spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS IS NOT PERMITTED.

Outdoor Use: ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, MILLIPEDES, SOWBUGS, and BROWN DOG TICKS: Spray infested areas thoroughly, including of screens, doors, window frames, foundations, patios, or other places where insects may enter.
