Dear Ms. Watson:

Subject: Revised Labeling
Misty Ant, Roach, & Spider Residual Insecticide.
EPA Reg. No. 10807-85
Your submission dated 25 March 1996

The labeling referred to above submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, has been received and reviewed, and the labeling is acceptable subject to the comments listed below. Please submit five (5) copies of your final printed labeling incorporating the changes before releasing your product for shipment. A stamped copy is enclosed for your records.

1. The USDA authorization statement should be placed within the directions for use section. Please place this statement near the directions for use heading.
2. Update your "Environmental Hazards" statement to read "This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters."

2 of 3

Additionally, the Agency has previously requested an updated Confidential Statement of Formula (CSF). As we have noted, in order to bring our files up-to-date, we need a current CSF. Our most recent CSF is dated 25 June 1987. Please submit this CSF within 45 days of the receipt of this letter.

Sincerely,

DHE
