1/1

Apply WATERBUGS: Spray into cracks, crevices around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, above and in and around waste containers. Repeat as needed. Do not spray food or linens. For ants, spray trails and places where ants enter premises. Do not allow people or pets to enter treated areas until spray has dried. **BROWN DOG TICKS:** Spray sleeping quarters of pets, around baseboards, window and door frames and wall cracks. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals. Treat pets with a product registered for animal application to control the source of the tick infestation. **Kills Spiders, Scorpions, Earwigs, Roaches, Ants, Crickets, Scorpions, Millipedes, Silverfish, Fleas, Saw-Toothed Grain Beetles (exposed stage), Brown Dog Ticks, Clover Mites, Spray residues kill insects many weeks after the spray (deposit) has dried.**

For Crickets and Cockroaches—Apply as Follows: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SCORPIONS, SPIDERS, EARWIGS, BROWN DOG TICKS, FLEAS, CARPET BEETLES, and DERMEESTERS: Apply undiluted spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in ports between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces inside, equipment legs and bases where the above listed insects hide. Care should be taken to avoid depositing the product into exposed surfaces of introducing the material into the air.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS IS NOT PERMITTED.

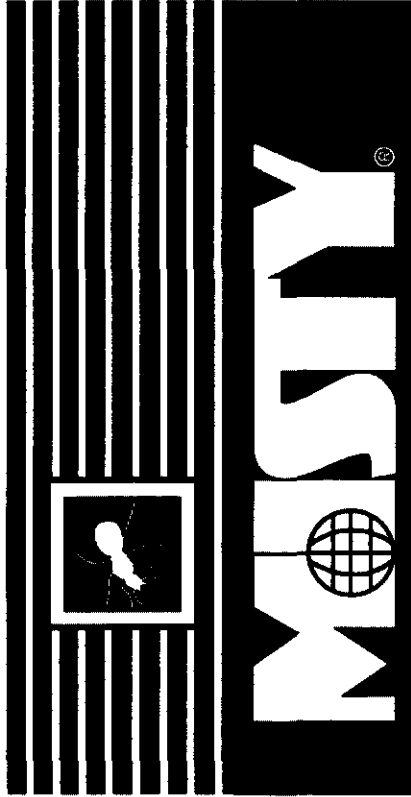

Outdoor Use: ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, MILLIPEDES, SCORPIONS, and BROWN DOG TICKS: Spray treated areas thoroughly, including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation. **Kills Spiders, Sawbugs, Earwigs, Roaches, Ants, Crickets, Scorpions, Millipedes, Silverfish, Fleas, Saw-Toothed Grain Beetles (exposed stage), Brown Dog Ticks, Clover Mites, Spray residues kill insects many weeks after the spray (deposit) has dried.**

STORAGE & DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Do not expose product to heat, spark or open flame. Store container in cool dry location. Do not expose product to temperatures extreme. Store product in original shipping container in total storage area. Re-containerize labeled material only. Do not contaminate water, food or feed by storage or disposal. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbent and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedure. **CONTAINER DISPOSAL:** IF EMPTY: Do not reuse this container. Place it trash or offer for recycling if available. IF PARTLY FILLED: Call your local health waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

KEEP OUT OF REACH OF CHILDREN
CAUTION

See side panel for additional precautionary statements.

NET CONTENTS 1 GALLON (3.8 LITERS)

Kills Ants, Roaches, Spiders and Certain Other Lined-Crawling Insects in and Around the Home, School, Theaters, Warehouses, Hotels, Hotels and Other Industrial Establishments

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and avoid excessive ventilation of area being treated. Causes moderate eye irritation. Contact with skin, eyes or clothing should be avoided. Wash thoroughly with soap and warm water after handling. Avoid contamination of food, utensils and food preparation areas. Remove pots and cover fish bowls before spraying. If poisoning occurs, get prompt medical attention. Do not use in active products area of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Do not apply this product in a way that will contact any person or pet, either directly or indirectly. Do not apply as a landscape treatment (to lawns, shrubs, or trees, garden plants). Keep people and pets out of the area during application.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Application must wear: long-sleeved shirt and long pants, socks and shoes, chemical resistant gloves (such as nitrile, neoprene, butyl rubber, nitrile rubber, or vinyl).

FIRST AID STATEMENT: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** Contains an N-methyl carbamate that inhibits cholinesterase. Also contains petroleum distillates—ventilation may cause respiratory irritation. Alkylamine sulfate is irritant. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **ENVIRONMENTAL HAZARDS:** This product is toxic to wildlife and aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. **PHYSICAL HAZARDS:** Flammable. Keep away from heat and open flame.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **THIS PRODUCT MUST BE APPLIED USING A COMPRESSED AIR SPRAYER. DO NOT APPLY USING A TRIGGER PUMP SPRAYER. FOR APPLICATION BY TRAINED PERSONNEL ONLY.** **GENERAL:** In the Home and Non-Food Areas of Industrial Establishments. Spray surfaces to wetting. Avoid excessive wetting of plastic, rubber or asphalt surfaces, such as tile and floor coverings. Do not apply to rugs, carpets, wall paper or similar materials that may be stained. Repeat as needed.

FOR SPOT TREATMENT:
 Indoor Use: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES (exposed
