Dear Ms. Watson::

Subject: Updated Labeling
 Misty General Purpose Flying Insect Killer
 EPA Registration Number 10807-88
 Submission dated May 27, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Submit one (1) copy of the finished labeling prior to releasing the product for shipment.

1. Submit a current Confidential Statement of Formula which includes all of the pertinent information, including the upper and lower certified limits, the bulk density of the product, and the flashpoint/flame extension.
2. Add appropriate text to the product label under the heading **STATEMENT OF PRACTICAL TREATMENT** which provides adequate information and directions to the user concerning the toxicologically significant routes of exposure.
3. In the first sentence of the paragraph under the heading **For Use in Dairy and Beef Barns, Swine Housing, Poultry Houses and Horse Barns**, revise the text as follows: **Cover or remove exposed food, feed, and watering troughs and close house as tightly as possible.**
4. The sentence "If used in dairy barns, aerate..." appears twice in the paragraph referenced in (3) above.
