Attention: Susan Watson  
 Regulatory Affairs

Subject: Misty Pine Oil Disinfectant  
 EPA Registration Number 10807-95  
 Your Amendment Dated March 28, 1995

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended per our letter dated March 3, 1995 is acceptable, provided that you make the labeling changes indicated below before you release the product for shipment bearing the amended labeling.

1. Delete " or buried in a safe place" Revise the disposal statements in accordance with PR Notices 83-3 + 84-1.
2. Revise "See additional cautions on back panel" to read "See additional precautions on back panel."
3. Delete "Use only as directed" from front panel.
4. Either delete the Environmental Hazards section of the label or revise the statements under Environmental Hazards to read as follows:  
 "This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board of Regional Office of the EPA."
