Ms. Susan Watson, Regulatory Mgr.  
Amrep, Inc.  
990 Industrial Park Drive  
Marietta, Georgia 30062

DEC 8 2003

Subject: Submission of a label amendment in accordance with PR Notice 2001-1 and 2001-6.  
Product Name: Misty Fog Kill Oil Base Insecticide.  
EPA Registration No.: 10807-107  
Date of Submission: September 2, 2003

Dear Ms. Watson,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records. If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Linda Arrington  
Acting Product Manager 10  
Insecticide Branch  
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**CAUTION:** Harmful if swallowed or inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Wash all contaminated clothing with soap and water before reuse. Do not contaminate food or feed.

**FIRST AID STATEMENT: IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **NOTE TO**

**PHYSICIAN:** Contains petroleum distillates – vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**ENVIRONMENTAL HAZARDS:** This pesticide is highly toxic to fish. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Consult your state's Fish and Wildlife agency before treating such waters.

**PHYSICAL OR CHEMICAL HAZARDS:** This formula is combustible. Keep container sealed. Do not use, pour, spill or store near heat or open flame.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use product in a manner inconsistent with its labeling.

This formula is to be used undiluted in only such portable thermal applicator equipment that can deliver spray particle sizes within the aerosol size range. Close off ventilating systems, air ducts, air conditioners and windows. Close off area to be treated. Extinguish all flames and pilot lights. **Food Processing Plants:** Use only when plant is not in operation. Foodstuff should be removed or covered during treatment. Food processing surfaces and equipment must be covered during treatment, or cleaned with a detergent and rinsed with potable water before use. Before using this pesticide compound, exposed food products and packaging materials must be removed from the room or protected. After using this compound, equipment and utensils must be washed with an effective cleaning compound and thoroughly rinsed with potable water before operations are resumed. Before food product may be placed in the area where the material is being used, the area should be sufficiently free of odor to prevent product contamination. **THERMAL APPLICATIONS INDOORS:** For control of flies, mosquitoes and gnats in warehouses, restaurants and industrial institutions: Remove or cover exposed food and food handling surfaces. Remove animals, plant life, aquariums or cover the aquariums. Shut off ventilating systems, air ducts, air conditioning and close off room or area to be treated. Extinguish all flames and pilot lights. Apply as a dry fog at the rate of 1 1/3 fluid ounces per 1,000 cubic feet of space. Direct nozzle of thermal applicator toward the upper corners of the room and along the ceiling. Close off room for at least 1/2 hour. Do not remain in treated areas. Ventilate the area after treatment is completed. **THERMAL APPLICATIONS OUTDOORS:** For reduction in annoyance from flies, mosquitoes and gnats in backyards, patios, around swimming pools, and horse stables. Hold thermal applicator at least five feet from any object, especially plants and shrubbery. Avoid wetting of foliage. Apply at the rate of 3 3/4 gallons of .20% product per acre which is the equivalent of 1 1/3 oz. per 1000 cu. ft. **RE-ENTRY STATEMENT:** Keep treated area closed off for at least 1/2 hour. Do not remain in treated area. Ventilate thoroughly before re-entry.

**STORAGE & DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Do not expose product to heat, spark or open flame. Store container in a cool dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbant and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures. **CONTAINER DISPOSAL:** IF

EMPTY: Do not reuse this container. Place in trash or offer for recycling if available. IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
