

FLEA KILLER

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Extremely Flammable. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Directions For Use
General Classification

This classification of Federal law is used to sprays in a manner inconsistent with its labeling.

STORAGE and DISPOSAL

Storage: Store in a cool area away from heat or open flame.
Disposal: Do not reuse empty container. Wrap container and put in trash collection.

HOLD UPSIDE DOWN TO SPRAY

To Kill Fleas- Eggs, Larvae and Adults. Remove and destroy old pet bedding. Spray sleeping quarters of pets, around baseboards, windows and door frames, wall cracks and floors. Repeat as necessary. Empty spray can as you finish bedding in pet quarters after spray has dried. Also treat dogs and cats with registered flea and tick products to keep them from reentering treated area.

To treat carpets, spray at the edge of square footers and repeat treatment as necessary.
