

EX-IT EMULSIFIABLE CONCENTRATE

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

WARNING: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Do not get in eyes or on clothing. Avoid contact with skin.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear: - long-sleeved shirt and long pants - chemical resistant gloves - shoes plus socks - Protective eyewear. Remove contaminated clothing and wash clothing before reuse. Follow manufacturer's instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STATEMENT OF PRACTICAL TREATMENT: IF SWALLOWED: Call a physician or poison control center. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. **IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if symptom persists. **IF IN EYES:** Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. May pose an aspiration pneumonia hazard.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL: STORAGE: Do not expose product to heat, spark or open flame. Store container in a cool dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbent and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

DESCRIPTION OF PRODUCT: This liquid weed killer is composed of 5-bromo-3-sec-butyl-8-methyluracil (bromacil) in a phytotoxic oil. The oil carrier combines the properties of low volatility with rapid penetration and translocation in the plant. The insolubility of the herbicide in water assures full effect regardless of rainfall after application or stage of growth at the time of application.

It produces rapid top kill of all succulent vegetation. Translocation and root absorption of component herbicides produce extensive root kill of weeds and provide long term residual control.

ACCEPTED

OCT 8 1999

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 10807-144

Ex-It Emulsifiable Concentrate

Liquid Herbicide

- Solvent Based • Water Emulsifiable
- Top Kill • Soil Sterilant
- Concentrated • Non-Selective

ACTIVE INGREDIENTS:
Bromacil (5-bromo-3-sec-butyl-6-methyluracil) 2.30%
INERT INGREDIENTS: 97.70%
TOTAL: 100.00%
CONTAINS PETROLEUM DISTILLATES
Contains 0.175 lbs. of active ingredients per gallon of undiluted product.

KEEP OUT OF REACH OF CHILDREN
WARNING
See side panel for additional precautionary statements

R-584

NET CONTENTS 1 GALLON (3.8 LITERS)

GENERAL PRECAUTIONS AND RESTRICTIONS: ENTRY RESTRICTION: Do not enter or allow others to enter the treated area until sprays have dried. Do not apply with product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during applications. Not to be used in any recreational areas or in or around homes. Do not apply more than 121 lbs. A/A per year.

GENERAL WEED CONTROL: This product can be used to control most weeds for an extended period of time on non-cropland areas such as loading ramps, fence rows, railroad sidings, storage yards, parking lots, around buildings and industrial plant sites.

Do not apply this product to areas where the roots of desirable plants such as trees or ornamentals will come into contact with it, as injury might result. Do not use on lawns, driveways, walks or similar areas. Avoid spray drift to susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc. Do not contaminate domestic water or irrigation water and keep from contact with fertilizer, insecticides, fungicides and seeds. Vapors from this product may injure susceptible plants in the vicinity. Coarse sprays are less likely to drift.

Thoroughly clean all traces of product from application equipment immediately after use. Use a suitable chemical cleaner, then wash with detergent and rinse with clear water. Do not contaminate water sources by cleaning of equipment or disposal of wastes.

APPLICATION INSTRUCTIONS: Any application equipment such as: Power sprayers, Compressed air hand sprayers, Knapsack sprayers or Sprinkler cans, is suitable for applying this product. Equipment should be calibrated so as to assure application of the recommended amount of material.

To control annual weeds and grasses such as Foxtail, Ryegrass, Wildcots, Crabgrass, Cheatgrass, Bromesedge, Ragweed, Lambsquarters and Turkey mullein, dilute one gallon of this product to 9 gallons of water and apply 5 gallons of the diluted spray per 1,000 square feet.

For hard to kill perennial weeds and grasses such as Johnson grass, Salt grass, Bouncing Bet, Bracken fern, Horsetail, Smooth brome, Canada bluegrass, Purpletop, Quackgrass, Bromesedge, Aster dandelion, Dog fennel, Goldenrod, Plantain and Wild carrot, dilute one gallon of this product to 9 gallons of water and apply 10 gallons of diluted spray per 1,000 square feet.

This concentrate may be applied at any time of the year except when the ground is frozen. Best results are obtained after predominant weeds have emerged and developed to a point where they present a problem.

WARRANTY STATEMENT: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
