

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
WARNING**

May be fatal if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately.

ENVIRONMENTAL HAZARDS

This concentrate is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE and DISPOSAL

Storage: Do not expose to heat, spark, or open flame. Store container in a cool dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal.
Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest E.P.A. Regional Office for guidance.
Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedure approved by state and local authorities.

PRODUCT DESCRIPTION

This liquid weed killer is composed of 5-bromo-3-sec-butyl-6-methyluracil (bromacil) and a low volatile 2,4-D ester in a phytotoxic oil. The oil carrier combines the properties of low volatility with rapid penetration and translocation in the plant. The insolubility of the herbicide in water assures full effect regardless of rainfall after application or stage of growth at the time of application.

It produces rapid top kill of all succulent vegetation. Translocation and root absorption of component herbicides produces extensive root kill of weeds and provide long-term residual control.

GENERAL INFORMATION

This product is a liquid, non-selective, persistent, general herbicide designed for use where control of all vegetation is desired. It is recommended for non-crop areas such as fence rows, parking lots, around buildings, loading ramps, storage yards, truck farms, along pipelines, industrial plant sites and other similar areas where grasses and weeds interfere with drainage, create a fire hazard or cause unsightly appearance.

CONCENTRATE
Non-Selective General Herbicide
Concentrate For Use in Non-Crop Areas**

ACTIVE INGREDIENTS

Mixed Aliphatic Hydrocarbons	76.525
2,4-Dichlorophenoxyacetic Acid (isooctyl ester)*	9.6 ✓
Bromacil (5-bromo-3-sec-butyl- 6-methyluracil)	9.6 ✓

INERT INGREDIENTS	19.5
TOTAL	100.0

*Equivalent to 6.4% 2,4-Dichlorophenoxyacetic acid [isomer specific by ADAC Method 6 D61-5 (12th Ed.)]

**KEEP OUT OF REACH OF CHILDREN
WARNING**

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink a large amount of milk or water. Do not induce vomiting because of aspiration hazard. CALL A PHYSICIAN IMMEDIATELY.

IF IN EYES: Flush with plenty of water. See a physician immediately.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

MANUFACTURED BY

990 Industrial Park Drive • Marietta, Georgia 30062
65 Industrial Drive • Cartersville, Georgia 30120
945 East Pleasant Run Road • Lancaster, Texas 75146

Do not apply this product to areas where the roots of desirable plants such as trees or ornamentals will come into contact with it as injury might result. Do not use on lawns, driveways, walks or similar areas. Avoid spray drift to susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc. Do not contaminate domestic water or irrigation water and keep from contact with fertilizer, insecticides, fungicides and seeds. Vapors from this product may injure susceptible plants in the immediate vicinity. Coarse sprays are less likely to drift.

Thoroughly clean all traces of product from application equipment immediately after use. Use with a suitable chemical cleaner, then wash with detergent and rinse with clear water. Do not contaminate water sources by cleaning of equipment or disposal of wastes.

RECOMMENDATIONS FOR USE

To prepare spray solution: Mix 1 gallon of concentrate with 9 gallons of No. 2 fuel oil or equivalent oil.

1. For annual weeds and grasses such as crabgrass, foxtail, barnyard grass, lambsquarters and pigweed use 1 to 2 gallons solution per 1,000 sq. ft. (40 to 80 gallons per acre).

2. Perennial weeds and grasses such as smooth brome, quackgrass, Canada bluegrass, broomcress, aster, dandelion, goldenrod, plantain, wild carrot and purpletop use 2 to 4 gallons of solution per 1,000 sq. ft. (80 to 160 gallons per acre).

3. For other hard-to-kill perennial weeds and grasses such as Johnsongrass, sailgrass, Bermudagrass, horsetail, bouncing bet and bracken fern use 3 to 5 gallons of solution per 1,000 sq. ft. (100 to 200 gallons per acre).

This concentrate may be applied at any time of the year except when the ground is frozen. Best results are obtained after predominant weeds have emerged and developed to a point where they present a problem. Any equipment from sprinkler can to complicated sprayer may be used. Equipment should be calibrated so as to assure application of the recommended amount of material.

WARRANTY STATEMENT

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under normal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
