MISTY

2 Plus 2 Granular Weed Killer

- Time Released
- Double Action
- Soil Sterilant
- Nonselective

ACTIVE INGREDIENTS:

Bromacil (5-bromo-3-sec-butyl-6-methyluracil)	2.00%
Diuron [3-(3,4-dichlorophenyl)-1,1-dimethylurea]	2.00%
INERT INGREDIENTS:	96.00%
TOTAL:	100.00%

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.

KEEP OUT OF REACH OF CHILDREN.

CAUTION

See side panel for additional precautionary statements

R-582

NET CONTENTS 3 POUNDS (1.362 KG)

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. **PERSONAL PROTECTIVE EQUIPMENT (PPE):** Applicators and other handlers must wear: long sleeved shirt and long pants, - shoes plus socks - waterproof gloves.

USER SAFETY RECOMMENDATIONS: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID: IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

GENERAL PRECAUTIONS AND RESTRICTIONS: Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend because of possible injury to such plants. Do not use on croplands or any land to be used for subsequent cropping. Keep animals off treated areas. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Not to be used in any recreational areas or in or around homes. Do not enter or allow others to enter the treated areas until dusts have settled. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Not to be used to treat ditches and/or ditch banks.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This granular weed killer is a non-selective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas such as railroads rights-of-way and industrial areas. 200-400 pound applications of this product per acre usually results in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type and other conditions.

This product should be applied as furnished with a speed spreader, a fertilizer spreader, a shaker type applicator or with any equipment which will distribute the chemical uniformly over the area to be treated. For the control of annual and most perennial weeds and grasses; apply product at the rate of 200-400 pounds per acre; on the smaller plots, 0.5-1.0 pounds per 100 square feet. 400-600 pounds per acre may be required when deep rooted perennial weeds are present. To obtain the best results, this product should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. Product may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult state agricultural experiment stations or extension service weed specialists for recommendations as to use in their particular area. Do not apply more than 600 lbs. of product per year.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of according to applicable Federal, state or local procedures. **CONTAINER DISPOSAL:** Triple rinse (or equivalent) and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures. **WARRANTY STATEMENT:** Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label directions.
