ONE SHOT "FOAMY" Germicidal Cleaner & Deodorant RTU

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This cleaner, disinfectant and deodorizer has been designed especially for household and institutional cleaning and disinfecting in homes, nursing homes, hospitals, offices, schools, motels and hotels.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

DISINFECTION, CLEANING AND DEODORIZING: To disinfect, clean, and deodorize hard non-porous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks, and bathtubs proceed as indicated below.

1. Hold container six to eight inches from surfaces to be treated. 2. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary. 3. Wipe off with a clean cloth, mop, or sponge. The product will not leave grit or soap scum. For heavily soiled areas remove soil before treatment.

MILDEWSTAT: To control mold and mildew on hard non-porous surfaces such as floors, wall, tabletops. Spray the surface to be treated making sure to wet completely. Let it dry. Repeat application at weekly intervals or when mildew growth reappears.

This cleaner, disinfectant or deodorizer is designed for general household cleaning and disinfecting in homes, nursing homes, hospitals, institutions, offices, schools, motels and hotels. When used as directed the product is formulated to disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, hampers, cabinets and bed springs). In addition this product deodorizes those areas which generally are hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms.

When used as directed this product demonstrates effective disinfection against *Staphylococcus aureus*, *Salmonella Choleraesuis*, and *Pseudomonas aeruginosa*, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this product is an effective one step cleaner disinfectant in presence of organic soil (5% blood serum).

The product is fungicidal against Pathogenic fungi (1. Monoglyphytes) when used as directed on hard surfaces found in the bathroom, shower stall and locker room or other clean hard non-porous surfaces commonly contacted by bare feet.

PRECAUTIONARY STATEMENTS: HAZARD TO HUMANS AND DOMESTIC ANIMALS

WARNING: Keep out of reach of children. Causes eye and skin irritation. Do not get in eyes, on skin or clothing. Harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT: In case of contact immediately flush eyes with plenty of water for at least 15 minutes. For eyes call physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL: **STORAGE:** Do not expose to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility in the event of a spill or leak, contain product with a dry absorbent and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). The offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.
