Marietta, GA 30062

Dear Ms. Watson:

SUBJECT: Label Amendment
Misty Repco Kill IV
EPA Registration No. 010807-200
Your Application Dated September 15, 2003

The label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is accepted with comment.

Since this product is not intended solely for household use, reinstate the storage and disposal instructions specified in PR Notice 83-3.

The amended label supersede all previously accepted ones. A stamped copy is enclosed for your records. Please submit one copy of your printed label incorporating the revision specified above, before you release the product for shipment.

Sincerely yours,

/s/

Joanne I. Miller
Product Manager (23)
Herbicide Branch
Registration Division (7505C)

Misty Repco Kill IV

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear: Chemical-resistant gloves (Category A waterproof, such as Butyl Laminate, Neoprene Rubber, Nitrile Rubber, and Viton), Long-sleeved shirt and long pants, shoes plus socks.

USER SAFETY RECOMMENDATIONS: Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS: Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID STATEMENT: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** Contains petroleum distillates—vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS: This concentrate is toxic to fish and wildlife and aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL AND CHEMICAL HAZARDS: Combustible. Do not use or store the product near heat or open flame.

STORAGE & DISPOSAL: DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE AND DISPOSAL. DO NOT STORE CONTAINER ON ITS SIDE. **PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL: IF EMPTY:** Do not reuse this container. Place in trash or other for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. A probe and pump must be used for transferring this pesticide if the container is 5 gallons or more. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination. When mixing, loading or applying this product or repairing or cleaning equipment used with this product, wear eye protection (face shield), chemical resistant gloves, long-sleeved shirt, long pants, socks and shoes. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

ENTRY RESTRICTIONS: Do not enter or allow others to enter the treated area until sprays have dried.

Wash hands, face and arms with soap and water as soon as possible after mixing, loading, or applying this product. Wash hands, face and arms with soap and water before eating, smoking or drinking. Wash hands and arms

MISTY

Repco Kill IV

**Liquid Weed Killer
- Contains Drift Reducer**

ACTIVE INGREDIENTS:

2,4-Dichlorophenoxyacetic Acid, 2-Ethylhexyl ester*: 1.09%
Bromacil (5-Bromo-3-sec-butyl-6-methyluracil): 0.98%

INERT INGREDIENTS (contains petroleum distillates): 97.93%

TOTAL: 100.00%

*2,4-Dichlorophenoxyacetic Acid equivalent 0.70%

Contains Petroleum Distillate

0.07 lbs. Bromacil per Gallon
