CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. When mixing, loading, or applying this product, or repairing or cleaning equipment used with this product, wear eye protection (face shield or safety glasses), chemical-rasistant gloves, long sleeved shirt, long pants, socks, and shoes. It is recommended that safety classes include front, brow and temple protection, Wash hands, face, and arms with soap and water as soon as possible after mixing, loading, or applying this product. Wash hands, face, and arms with soap and water before eating, smoting, or drinking. Wash hands and arms before using toilet. After work, remove all clothing and shower using soap and water. Do not reuse clothing worn during the previous day's mixing and loading or application of this product without cleaning first. Clothing must be kept and washed separately from other household laundry. Remove saturated clothing as soon as possible and shower, it container is 1 gallon size: Rinse thoroughly before discarding in trash. If this container is over one gallon and less then five gallons, then persons engaged in open pouring of this product must also weer coveralls or a chemical resistant apron. If this container is five gallons or more in capacity, do not open pour product from this container. A mechanical system (such as a probe and pump or spigot) must be used for transferring the contents of this container, if the contents of a non-refillable pesticide container are emptied, the probe must be rinsed

FIRST AID: IF ON SKIN: Wash with plenty of soap and water, Get medical attention. If SWALLOWED: Call a doctor or get medical attention. Do not induce vomiliar, Do not give anything by mouth to an unconscious person. Avoid sloohol. NOTE TO PHYSICIAN: May pose an aspiration pneumonia hazard.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Do not apply directly to water, or to areas where surface water is present or to intertical areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions lavor drift. Vapors from this product may injure susceptible plants in the immediate vicinity. Coarse sprays are less likely to drift.

Most cases of groundwater contamination involving phenoxy herbicides such as 2.4-D have been associated with mixing loading and disposal sites. Caution should be exercised when handling 2.4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this product will reduce the probability of spills. Placement of mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

KEEP OUT OF REACH OF CHILDREN.

**CAUTION:** 

See side panel for further Precautions and First Aid Instruction. SCIENTIFICALLY FORMULATED FOR INDUSTRIAL and INSTITUTIONAL USE

**NET CONTENTS 1 GALLON (3.8 LITERS)** 

PHYSICAL OR CHEMICAL MAZARDS: Contains petroleum distillates. Do not use or store near heat or an open flame. DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a specially formulated non-selective vegetation killer for controlling a wide range of annual and perennial weeds and grasses. Apply undituted as a spray non-cropland areas where bare ground is desired. Control will vary with the amount of chemical applied, soil type, rainfall and other conditions. This product is non-corrosive to metal surfaces. Especially compounded for industrial and municipal weed control.

GENERAL WEED CONTROL: To control most weeds on non-cropland areas such as parking lots, tence rows, railroad sidings and storage yards, sprey at the rate of 1 to 2 gallors for each 1000 square leat (40 to 80 gallors per acre).

DIRECTIONS: This product may be applied at any time of the year, EXCEPT when ground is trozen. Best results an obtained after vegetation has emerged, in late spring or early summer. Use power sprayers, compressed air hand sprayers, or an ordinary sprinkling can. No dilution or agitation is required.

CAUTION: Vapors from this product may injure susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc.

STORAGE & DISPOSAL: Do not contaminate water, food, feed or fertilizer by storage or disposal. Keep container tightly closed when not in use. If container is damaged or leaking, contain spill. Soak up spilled material with absorbent and place in closed, labeled container for proper disposal, PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law and may contaminate ground water. If these wastes cannot be disposed of by use according to tabel instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance. CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling, or reconditioning, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of
