Susan Watson  
Amrep, Inc.  
990 Industrial Park Drive  
Marietta, GA 30062

Dear Ms. Watson:

SUBJECT: Label Amendment  
Misty Repco Kill III  
EPA Registration No. 010807-205  
Your Application Dated September 16, 2003

The label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is accepted with comment.

Since this product is not intended solely for household use, reinstate the storage and disposal instructions specified in PR Notice 83-3.

The amended label supersede all previously accepted ones. A stamped copy is enclosed for your records. Please submit one copy of your printed label incorporating the revision specified above, before you release the product for shipment.

Sincerely yours,

/s/

Joanne I. Miller  
Product Manager (23)  
Herbicide Branch  
Registration Division (7505C)

Enclosure

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**CAUTION:** Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. When mixing, loading, or applying this product, or repairing or cleaning equipment used with this product, wear eye protection (face shield or safety glasses), chemical-resistant gloves, long sleeved shirt, long pants, socks, and shoes. It is recommended that safety glasses include front, brow and temple protection. Wash hands, face, and arms with soap and water as soon as possible after mixing, loading, or applying this product. Wash hands, face, and arms with soap and water before eating, smoking, or drinking. Wash hands and arms before using toilet. After work, remove all clothing and shower using soap and water. Do not reuse clothing worn during the previous day's mixing and loading or application of this product without cleaning first. Clothing must be kept and washed separately from other household laundry. Remove contaminated clothing as soon as possible and shower. If container is 1 gallon size: Rinse thoroughly before discarding in trash. If this container is over one gallon and less than five gallons, then persons engaged in open pouring of this product must also wear coveralls or a chemical resistant apron. If this container is five gallons or more in capacity, do not open pour product from this container. A mechanical system (such as a probe and pump or spigot) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

**FIRST AID STATEMENT: IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** Contains petroleum distillates - vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift. Vapors from this product may injure susceptible plants in the immediate vicinity. Coarse sprays are less likely to drift.

Most cases of groundwater contamination involving phenyl herbicides such as 2,4-D have been associated with mixing/

# Repco Kill III

**ACTIVE INGREDIENT:**

Isocyt (2-Ethylhexyl ester)	
of 2,4-Dichlorophenoxyacetic acid*	1.06%
Bromacil (5-bromo-3-sec-butyl-6-methyluracil)	0.96%
<b>INERT INGREDIENTS**</b>	<b>97.98%</b>
<b>TOTAL:</b>	<b>100.00%</b>

\*2,4-Dichlorophenoxyacetic acid equiv. 0.7%.  
Isomer specific AOAC Method No. 6 DO-1-5.  
\*\*Contains petroleum distillates.

loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this product will reduce the probability of spills. Placement of mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

**PHYSICAL OR CHEMICAL HAZARDS:** Contains petroleum distillates. Do not use or store near heat or an open flame. **DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a specially formulated non-selective vegetation killer for controlling a wide range of annual and perennial weeds and grasses. Apply undiluted as a spray on non-cropland areas where bare ground is desired. Control will vary with the amount of chemical applied, soil type, rainfall and other conditions. This product is non-corrosive to metal surfaces. Especially compounded for industrial and municipal weed control.

**GENERAL WEED CONTROL:** To control most weeds on non-cropland areas such as parking lots, fence rows, railroad sidings and storage yards, spray at the rate of 1 to 2 gallons for each 1000 square feet (40 to 80 gallons per acre).

**DIRECTIONS:** This product may be applied at any time of the year, EXCEPT when ground is frozen. Best results are obtained after vegetation has emerged, in late spring or early summer. Use power sprayers, compressed air hand sprayers, or an ordinary spraying can. No dilution or agitation is required.

**CAUTION:** Vapors from this product may injure susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc.

**STORAGE & DISPOSAL:** Do not contaminate water, food, feed or fertilizer by storage or disposal. Keep container tightly closed when not in use. If container is damaged or leaking, contain spill. Soak up spilled material with absorbent and place in closed, labeled container for proper disposal.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixtures, or residuals is a violation of Federal Law and may contaminate ground water.

If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance. **CONTAINER DISPOSAL: IF EMPTY:** Do not reuse this container. Place in trash or offer for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
