NOTICE OF PESTICIDE:

X Registration
Reregistration

(under FIFRA, as amended)

EPA Reg.

Date of Issuance:

10807**-** 431

AUG 23 2007

Term of Issuance:

Unconditional

Name of Pesticide Product:

MISTY Air Sanitizer & Deodorizer-TRF

Name and Address of Registrant (include ZIP Code):

Amrep, Inc. 990 Industrial Park Drive Marietta, GA 30062

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all the data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit required by registration review under FIFRA Section 3(g).
- 2. Make the following labeling changes:
 - a. Revise the EPA Registration Number to read, EPA Reg. No. 10807-431.
 - b. Place the appropriate EPA Establishment Number on the product labeling.

Signature of Approving Official:

Marshall Swindell, Product Manager, Team 33

Regulatory Management Branch I, Antimicrobials Division

Date:

AIR 2 3 2007

Page 2 EPA Reg. No. 10807-431

3. Submit three copies of the final printed label prior to releasing this product for sale.

The Confidential Statement of Formula dated July 27th, 2007, is acceptable.

Submit a one-year long Storage Stability and Corrosion Characteristics study to the Agency for review.

A stamped copy of the label is enclosed for your records.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec.6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Marshall Swindell Product Manager 33

BACK PANEL

(This product or product name) eliminates odors and odor causing bacteria from the air when used as directed. As sanitizer, this product effectively kills odor causing bacteria to cleanse the air you breathe. As a deodorant, the next generation odor counteractant system chemically bonds with the malodor molecule destroying the odor source instead of just covering up or masking. Odors from mildew, smoke, vomit, feces, urine and putrescence emitting from garbage receptacles, diaper hampers, sinks, drains, toilets, urinals and more are effectively eliminated with this product. Excellent for control of even the toughest odors such as animal odors from veterinary clinics, kennels, litter boxes and pet waste disposal areas. Post-fire odors including cigar/cigarette smoke treatment as well as protein decomposition odors from garbage, fisheries, and other challenging sources are also effectively treated. Especially suited for use in public rooms. homes, bedrooms, living rooms, dining rooms, restrooms, bathrooms/showers, pool or spa areas, pool houses, closets, basements, storage rooms, kitchens, cafeterias, schools, offices, hotels, casinos, hospitals, nursing homes, prisons, laundromats, theaters, auditoriums, railroad cars, heavy truck cabs, airplanes, RVs, campers, boats, cabins, beach houses, buses, taxicabs, sitting rooms, smoking rooms, game rooms, locker rooms, health clubs and fitness centers, factories, mills, department stores, grocery stores, and more. The advanced, low VOC chemistry is hydro-alcoholic with no petroleum distillates or hydrocarbon propellants. The ultra-dry spray has little fall out and is nonflammable. Frequent use will provide refreshed, pleasant air all day that is not just deodorized but also sanitized by reducing odor causing bacteria.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller, instead, allow fog to enter from other rooms. Close all air sources such as windows, doors, and vents. Relative humidity should be 45-75% for maximum effectiveness. One 6 ounce aerosol can discharges completely in less than 3 minutes and treats up to 6,000 cubic feet of unobstructed area (a room 30' by 25' with an 8 foot ceiling).

To temporarily reduce airborne bacteria and eliminate odors, place can in the middle of the room to be treated. Remove cap and place can on newspaper, paper towel, or other media to be discarded if any accidental accumulation or fallout occurs near the can. Stand to the side of the can and activate fogger by pressing down the tab of the lock down actuator until it snaps into the open position. Avoid spraying in face. Do not remain in room. Leave and close door behind you. Return after fog has settled (approximately 15 minutes) and reopen air sources.

STORAGE & DISPOSAL: STORAGE: Store in a cool area away from heat or open flame. DISPOSAL: Do Not Puncture or Incinerate! IF EMPTY: Place in trash or offer for recycling if available. IF PARTLY FILLED: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with eyes. Wash hands thoroughly with soap and water after using.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the national Poison Control Center at 1-800-222-1222 for emergency medical treatment information.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
