Subject: MISTY Air Sanitizer & Deodorizer-TRF  
EPA Registration Number 10807-431  
Your Amendment Dated December 4<sup>th</sup>, 2007  
EPA Received Date December 4<sup>th</sup>, 2007

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, as per your letter of December 4<sup>th</sup>, 2007, to correct a typographical error in the subject letter and label, is acceptable.

The registration record will reflect the following:

Old Name: MISTY Air Sanitizer & Deodorizer-TRF  
New Name: MISTY AltraSan Air Sanitizer & Deodorizer-TRF

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Karen M. Leavy-Munk at (703)-308-6237.

Sincerely,

A handwritten signature in black ink, appearing to read "Marshall Swindell".

## BACK PANEL

(This product or product name) eliminates odors and odor causing bacteria from the air when used as directed. As an air sanitizer, this product effectively kills odor causing bacteria to cleanse the air you breathe. As a deodorant, the next generation odor counteractant system chemically bonds with the malodor molecule destroying the odor source instead of just covering up or masking. Odors from mildew, smoke, vomit, feces, urine and putrescence emitting from garbage receptacles, diaper hampers, sinks, drains, toilets, urinals and more are effectively eliminated with this product. Excellent for control of even the toughest odors such as animal odors from veterinary clinics, kennels, litter boxes and pet waste disposal areas. Post-fire odors including cigar/cigarette smoke treatment as well as protein decomposition odors from garbage, fisheries, and other challenging sources are also effectively treated. Especially suited for use in public rooms, homes, bedrooms, living rooms, dining rooms, restrooms, bathrooms/showers, pool or spa areas, pool houses, closets, basements, storage rooms, kitchens, cafeterias, schools, offices, hotels, casinos, hospitals, nursing homes, prisons, laundromats, theaters, auditoriums, railroad cars, heavy truck cabs, airplanes, RVs, campers, boats, cabins, beach houses, buses, taxicabs, sitting rooms, smoking rooms, game rooms, locker rooms, health clubs and fitness centers, factories, mills, department stores, grocery stores, and more. The advanced, low VOC chemistry is hydro-alcoholic with no petroleum distillates or hydrocarbon propellants. The ultra-dry spray has little fall out and is nonflammable. Frequent use will provide refreshed, pleasant air all day that is not just deodorized but also sanitized by reducing odor causing bacteria.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling .

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. Close all air sources such as windows, doors, and vents. Relative humidity should be 45-75% for maximum effectiveness. One 6 ounce aerosol can discharges completely in less than 3 minutes and treats up to 6,000 cubic feet of unobstructed area (a room 30' by 25' with an 8 foot ceiling).

To temporarily reduce airborne bacteria and eliminate odors, place can in the middle of the room to be treated. Remove cap and place can on newspaper, paper towel, or other media to be discarded if any accidental accumulation or fallout occurs near the can. Stand to the side of the can and activate fogger by pressing down the tab of the lock down actuator until it snaps into the open position. Avoid spraying in face. Do not remain in room. Leave and close door behind you. Return after fog has settled (approximately 15 minutes) and reopen air sources.

**STORAGE & DISPOSAL:** **STORAGE:** Store in a cool area away from heat or open flame. **DISPOSAL:** Do Not Puncture or Incinerate! **IF EMPTY:** Place in trash or offer for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency for disposal instructions.

### PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Avoid contact with eyes. Wash hands thoroughly with soap and water after using.

#### FIRST AID

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the national Poison Control Center at 1-800-222-1222 for emergency medical treatment information.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
