

Site = III indoors

DIRECTIONS FOR USE:

To kill roaches, ants, silverfish, waterbugs, spiders and crickets: Spray directly on insects where possible. Also spray until wet the trails and surfaces wherever insects may breed or congregate such as under sinks, drainboards, stoves, refrigerators, in cabinets, around baseboards, door sills and frames, window frames, garbage cans and out-buildings. Re-treat as necessary.

To kill fleas in buildings and pet quarters: Spray thoroughly floors, walls, rugs, carpets, cracks, crevices, sleeping quarters of pets or other infested areas. Re-treat as necessary.

To kill carpet beetles: Apply to floor areas and baseboards. Spray directly into cracks, crevices, and under carpets where insects may be found. Treat both the underside and topside of infested carpets. Spray inside of trunks, closets and infested areas of shelving. Re-treat as necessary.

To kill bedbugs: Spray mattress and bedding lightly including seams and folds. Spray bed frames, springs, along baseboards, carpet edges, cracks and hiding places about rooms. Apply liberally to inside walls and floors of laundry trucks.

To kill flies, mosquitoes, flying moths and wasps: Spray surfaces until wet where these insects alight or congregate such as walls of porches, garages, house foundations, etc.

To kill fleas and ants outdoors: Spray to wet localized infestations of these insects. For ants, thoroughly wet hills and runways. Re-treat as necessary.
