

A disinfectant cleaner and deodorant designed for general household and light industrial cleaning. Excellent for disinfecting walls, floors and any inanimate hard surfaces, Especially good for deodorizing garbage pails, sink tops, and bathroom areas which are prone to odors caused by growth of some micro-organisms.

Recommended for use in the sanitizing of rest rooms, public rooms, kitchens, sinks, food plants, equipment, floors, walls and cabinet work tops. **Note: Do not mix with soap or anionic detergent.**

**DIRECTIONS:** Mix 2 ounces of **Lemon Odor Disinfectant** per gallon of water which will provide 500 ppm active quaternary for general disinfection and fungicidal activity for deodorizing. For best results apply disinfectant by means of mop or cloth. When food contact surfaces, previously cleaned, are to be sanitized; use 200 ppm active quaternary solution (4 oz./5 gal. water). A potable water rinse is required.
