AND OTHERS

DIRECTIONS FOR USE

General Classification

This is a violation of Federal Law if used in a manner inconsistent with the label.

This product is specifically formulated for breeding control. It kills mosquito larvae in standing water, such as ponds.

Apply IND-SOL 80 to the water with manual spray equipment. Apply 1.0 gallon per acre. Coverage of the entire area should be highly selected. Wash hands after use.

INDUSTRIAL SOLVENTS make no representation, warranty, merchantability, fitness for any purpose, express or implied, concerning its use which extend beyond that stated on this label.
