PRECAUTIONARY STATEMENTS

Hazards To Humans And Domestic Animals

CAUTION

May be harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Wash skin with soap and water. Wash clothing before reuse. Avoid contamination of feed or foodstuffs. Remove pets, birds and fish from treated area before spraying.

CAUTION Do not use directly on food in processing plants, restaurants or other areas where food is commercially prepared or processed. Do not apply to areas where food is exposed.

NOTE TO PHYSICIAN Acute exposure may inhibit cholinesterase activity. Treat symptomatically. Atropine is antidotal.

ENVIRONMENTAL HAZARDS

This product is highly toxic to bees exposed to direct treatment or to residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are foraging the area. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL & CHEMICAL HAZARDS

Do not use or store near heat or open flame.

PESTICIDE DISPOSAL [illegible] pesticide that cannot be used according to label instructions may be disposed of at a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke. Refer to Resource Conservation and Recovery Act.

CONTAINER DISPOSAL [illegible] for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.
