**DIRECTIONS FOR USING**  **BLEACH**

**LAUNDRY**

To bleach and sanitize white and colorfast cotton, linen, nylon, dacron, orlon and rayon, use 1 cup **Bestyet Bleach** per load for conventional washing machine and  $\frac{1}{2}$  cup for front load machine. Add to presoak, wash water or first rinse. If clothes are in machine, dilute bleach in quart water before adding.

**STAIN REMOVAL**

For stubborn stains due to grass, mildew, ink, scorch, tea, coffee, fruit, berry, etc., mix  $\frac{1}{4}$  cup of **Bestyet Bleach** in 1 quart water. Immerse fabric for 5 to 10 minutes. Rinse well in clear water. Repeat if necessary. Use porcelain, rubber or glass container.

**TO WHITEN NYLON AND OTHER SYNTHETICS** that have turned yellow or gray. Use 1 tablespoon **Bestyet Bleach** per gallon water. Soak clean fabric in solution 15 to 20 minutes, rinse well. Repeat if necessary.

**TO CLEAN BATHROOM AND KITCHEN**

For refrigerator, tile, bathtub, etc., use 2 tablespoons **Bestyet Bleach** to 1 quart of water. Simply wash, rinse and dry.

**DEODORIZING AND SANITIZING**

For baby clothes, diapers, dish cloths, etc. First wash, then soak in solution of 1 tablespoon of **Bestyet Bleach** to 1 gallon water for 5 minutes. Rinse well. For wooden utensils, floors, breadboards, sinks, etc., wash with soap and water, then soak or wet with a solution of  $\frac{1}{4}$  cup of **Bestyet Bleach** in 1 quart of water. Let stand for 5 minutes, rinse well.

**SWIMMING POOLS**

Use 2 cups **Bestyet Bleach** for each 6,000 gallons of water. Repeat above dosage until a chlorine residual of 0.6 to 1.0 is established, as determined by the use of a chlorine test kit. Thereafter, repeat above dosage daily, or as needed to maintain a chlorine residual of 0.6 to 1.0 ppm. Test pool water frequently with a chlorine test kit.

**BLEACHING TEST**

For testing wash and wear cottons and rayons, a colored fabric, or a fabric of unknown composition before bleaching, apply a mixture of 1 tablespoon of **Bestyet Bleach** in a gallon of hot water to an inconspicuous corner and let stand for 4-6 minutes. If fabric color yellows or fades, it is not bleachable.

**DO NOT USE ON SILK, WOOL, LEATHER, UNFAST COLORS, SILVERWARE, ALUMINUM, STEEL.**

**DO NOT USE WITH AMMONIA, TOILET BOWL CLEANERS, OR OTHER HOUSEHOLD CHEMICALS.**

**CAUTION:** KEEP OUT OF THE REACH OF CHILDREN. HARMFUL IF SWALLOWED. SKIN AND EYE CONTACT MAY CAUSE SEVERE IRRITATION. AVOID CONTACT WITH SKIN AND EYES. IF SPLASHED IN EYES, FLOOD WITH WATER. IF SWALLOWED, FEED MILK. CALL PHYSICIAN. IF SPLASHED ON SKIN, WASH WITH WATER. KEEP UPRIGHT, TIGHTLY CAPPED IN A COOL PLACE.
