

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HASA-CIDE is used to control the growth of algae in exterior spas, whirlpools, and hot tubs. For maximum effectiveness, spas, whirlpools, or hot tubs containing heavy growth of algae should be cleaned prior to using HASA-CIDE. For spas, whirlpools, or hot tubs having just a light algae growth add an initial dose of 2 to 3 fluid ounces of HASA-CIDE per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, or hot tub add initially 1 to 2 fluid ounces of HASA-CIDE per 1,000 gallons of water. To maintain spas, whirlpools, or hot tubs free of algae growth subsequent additions of 0.4 to 1 fluid ounces of HASA-CIDE should be made every 5 to 7 days after the initial treatment.

HASA-CIDE is compatible with those chemicals normally used to treat spas, whirlpools, and hot tubs and is effective at both a pH of 6 and a pH of 8. HASA-CIDE can be used in spas, whirlpools, and hot tubs treated with chlorine tablets and may reduce the amount of those chemicals normally required. However, do not mix HASA-CIDE with concentrated dry or liquid chlorine products.

STORAGE & DISPOSAL: Keep in original container in a cool, dry place. Do not store in water. Do not use if the label is faded, torn, or illegible. Do not use if the container is empty or damaged. Do not use if the seal is broken or if the product is not as described on the label. Do not use if the product is not as described on the label. Do not use if the product is not as described on the label. Do not use if the product is not as described on the label.

FLUID OUNCES

FOR SPA USE

Controls algae growth

Compatible with chlorine

ACTIVE INGREDIENT

Polyoxyethylene dimethylamine diethylene dimethylamine diethylene diethoxide 40.0%

INERT INGREDIENT 60.0%

This product contains 3.65 lb. of active ingredient per gallon and weighs 9.12 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN
