

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT:

Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseat container. If possible isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL:

Keep product dry in tightly closed container when not in use. Store in a cool dry, well-ventilated area away from heat or open flame. In case of decomposition isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area, or bury in a safe place.

ACCEPTED
10897-17
MAR 18 1981
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

TABIT CHLORINATING CARTRIDGE

KILLS ALGAE AND BACTERIA IN SWIMMING POOLS

Active Ingredient:

Trichloro-s-triazine trione .99.0%
Inert Ingredients 1.0%
Total 100%
Available Chlorine 90%
Wt. Per Tablet 14 grams

EPA REG. NO. 10897-17
EPA EST. NO. 10897-CA-1

KEEP OUT OF REACH OF CHILDREN DANGER

PRACTICAL TREATMENT (FIRST AID): If swallowed feed bread soaked in milk followed by olive oil. Call a physician immediately.
If on skin: Brush off excess chemicals and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.
If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.
See additional precautions on side panel.

NET WT. 4 LBS. (1.82kg)

Manufactured by Hase Chemicals, Inc. Saugus, California 91350

DIRECTIONS FOR USE:

It is a violation of Federal law to use this pesticide in a manner inconsistent with its labeling.

Tabit Chlorinating cartridge may be used as a refill for most automatic chlorinators and floating rings.

3 tablets (42 grams or 1.7oz) will provide 1ppm available chlorine in 10,000 gallons of pool water. A 4 lb cartridge will last 5 weeks, depending upon number of swimmers and temperature.

Maintain pH between 7.2-7.6. Soda ash, sodium sesquicarbonate, and similar products raise pH. Muriatic & sulfuric acids reduce pH as does sodium bisulfate. See directions on the labels of these products.

Keep chlorine residual between 1.5-3.0. Adjust feed rate of cartridge as necessary by turning cartridge up or down to maintain this residual. Use a reliable test kit with fresh chemicals for pH and chlorine residual testing.

Superchlorination is desirable every 7-10 days during the swimming season and after heavy use, wind storms, dust storms, rain, contamination from fertilizer. A liquid or granular chlorinating product should be used for superchlorination. See directions on the label of these products.

Chlorination is most economical in stabilized pools. See use directions on CHLORINE STABILIZER.

Read the entire label before using this product. HASE Chemical Co., Inc. warrants that this product is reasonably fit for the use intended and that it contains the ingredient on the label in the specified amount. Since use conditions are beyond the control of Hase Chemicals, Inc., liability is limited to replacement of the cartridge or refund on the purchase price. No one, except an officer of Hase Chemical Co., may change any directions on this label or make warranties of any kind.
