Subject: Hasa 12.5% Sodium Hypochlorite Solution
EPA Registration No. 10897-22
Application Dated: October 27, 2010
Receipt Dated: November 16, 2010

Dear Mr. Johnson:

This acknowledges the receipt of your Amendment application dated November 17, 2010 in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended. The following amendment submitted in connection with registration of Hasa 12.5% Sodium Hypochlorite Solution (EPA Reg#10897-22) under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable.

Submission and Proposed Changes

- Under "MANUFACTURING, REPACKAGING USE ONLY": Addition of clarifying quotes "(emergency/public/individual)" after "disinfectants of human drinking water".
- Under "MANUFACTURING, REPACKAGING USE ONLY": Addition of clarifying quotes "(e.g. water mains, wells, reservoirs, filters)" after "human drinking water systems"
- Addition of a non-pesticidal cleaning formulation statement for "CLEANING, FORMULATIONS, BLEACHING, & NON-PESTICIDAL CHEMICAL MANUFACTURING"
- A copy of a CSF dated 10/27/10

General Comments

All the above noted submitted label amendments are acceptable. The submitted basic CSF, dated October 27, 2010, is identical to the CSF in the Agency file that you submitted on July 21, 2010.

A stamped copy of the accepted stamped label is enclosed for your record. Submit one copy of your final printed label/labeling before distributing or selling the product bearing the revised label/labeling.

The accepted stamped copy of the label, this amendment and a copy of this letter have been inserted in your file for future reference

If you have any questions or comments concerning this letter, please contact liem.david@epa.gov or call (703) 305-1285.

Sincerely,

Wanda Y. Henson

Read Entire Label Before Using This Product

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE: Causes eye damage. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear safety glasses, goggles, or face shield, protective clothing, and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Do not mix with other chemicals. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas, which is irritating to eyes, lungs, and mucous membranes.

STORAGE AND DISPOSAL

STORAGE: Keep this product in a tightly closed vented container, when not in use. Store in a cool, dry, well-ventilated area, away from direct sunlight and heat to avoid deterioration.

[Insert the following statement for all containers of 1.3 or more gallons. Chapter 13, Section III of the USEPA Label Review Manual exempts the following instructions for residential/household use products, which for this product are packaged in less than 1.3 gallon containers.]

Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.

PESTICIDE DISPOSAL:

[Insert the following statement for all containers of 1.3 or more gallons.]

Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

[Insert the following statement for all containers.]

In case of spill, flood area with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer.

[NOTE: The following residue removal instructions shall appear on all non-refillable and refillable containers of 1.3 or more gallons as required by EPA regulations 40 CFR §156.140, §156.144, §156.146, §156.156. EPA regulation 40 CFR §156.144 exempts residue removal instructions for residential/household use products, which for this product are packaged in less than 1.3 gallon containers.]

RESIDUE REMOVAL (Prior to Disposal):

[Insert the following cleaning responsibility statements for refillable containers of 1.3 or more gallons only.]

Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller.

[Insert the following rinse instructions for non-refillable and refillable containers of 1.3 or more gallons]

Triple rinse or pressure rinse container (or equivalent) promptly after emptying.

Triple Rinse: Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

Pressure Rinse: Pressure rinse as follows: Empty the remaining contents into application equipment or mix tank and continue to drain for 10 seconds after the flow begins to drip. Hold container upside down over application equipment or mix tank or collect rinsate for later use or disposal. Insert pressure rinsing nozzle in the side of the container, and rinse at about 40 psi for at least 30 seconds. Drain for 10 seconds after the flow begins to drip.

CONTAINER DISPOSAL: [Depending on the type of packaging container, insert one of the following specific container type instructions]

Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Place in trash or offer for recycling if available.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Note: This product degrades with age and exposure to sunlight and heat. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

MANUFACTURING / REPACKAGING USE ONLY – For manufacturing use only in the formulation of end-use products intended as: sanitizers of surfaces; sanitizers of commercial and household laundry; agents to wash or assist in lye peeling of fruits and vegetables; agents to help control microorganisms on eggs for human consumption; disinfectants of poultry drinking water; disinfectants of human drinking water (emergency / public / individual), swimming pool water, Hubbard / immersion tank water, spas, hot tubs, hydrotherapy pools, human drinking water systems (e.g. water mains, wells, reservoirs, filters); disinfectants for nonporous hard surfaces; agents to help control microorganisms in sewage, waste water, industrial and pulp paper process water systems; algaecides / slimicides in cooling towers or evaporative condensers; sanitizers of dialysis machines; agents to help control slime on boat bottoms; and/or agents to kill scavenger fish in fish hatchery ponds.

Reformulators and repackagers of this product must obtain their own registration from the U.S. Environmental Protection Agency.

CLEANING FORMULATIONS, BLEACHING, & NON-PESTICIDE CHEMICAL

MANUFACTURING – This product may be used for cleaning formulations, bleaching, and non-pesticide chemical manufacturing. Only specifically designed handling and dispensing equipment should be used in accordance with manufacturer’s instructions and according to operating instructions or product formulations defined by the use facility.
