US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO.

10897-24

DATE OF ISSUANCE

03/01/89

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

Hasa Poolchlor Liquid
Chlorinating Compound

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Hasa, Inc.
23110 Drayton Street
San Jose, CA 95130

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient" (July 2, February 1986) as revised April 1, 1987, EPA has reregistered the product listed above in accordance with FIFRA section 3(d). EPA has also reviewed your response to the Sanitizer Label Improvement Program issued July 25, 1986 and has determined that your product is in compliance with the program.

Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration or at the next label printing, whichever occurs first.

Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(d)(1).

It is a violation of federal law to use this disinfectant in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE USING THIS PRODUCT.

DIRECTIONS

11 ounces of POOLCHLOR will provide approximately 1.0 ppm available chlorine in 10,000 gallons. Maintain chlorine residual between 0.6-3.0 ppm in unstabilized pools; 1.5-3.0 ppm in stabilized pools. For super-chlorination add 1 gallon per 10,000 gallons of pool water. Do not enter pool until chlorine residual is below 3.0 ppm. The best time to add POOLCHLOR is at night while the filter is running. Check the chlorine residual in the morning, and repeat dosage when necessary. **NOTE:** This product degrades with age. Use a reliable test kit to determine residual.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

DANGER

Corrosive, may cause severe skin irritation or chemical burns to broken skin. Causes eye damage. May be fatal if swallowed. Avoid breathing vapors. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash hands after handling. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

Environmental Hazards: This disinfectant is toxic to fish. Keep out of lakes, streams, ponds, and public waters unless a discharge permit is obtained. For guidance, contact the regional office of the U.S. Environmental Protection Agency or Hasa Inc.

Physical and Chemical Hazards: STRONG OXIDIZING AGENT

Mix only with water according to label directions. Mixing this product with gross filth, such as feces, urine, etc. or with ammonia, acids, detergents, or other chemicals will release hazardous gases irritating to the eyes, lungs, and mucous membranes.
