

28 AUG 1992

Ms. Lisa R. McClellan
Sprayon Products
Div. of The Sherwin-Williams Co.
26300 Fargo Avenue
Bedford Heights, OH 44146

Dear Ms. McClellan:

Subject: Sprayon Spot Weeder
EPA Registration No. 10900-35
Application Dated August 5, 1992, Request for
Alternate Brand Name "864 Spot Weeder", Revised
Confidential Statement of Formula and Label
Revisions

The proposed alternate brand name "864 Spot weeder" is acceptable for this product and has been added to the records for this pesticide product.

The proposed Confidential Statement of Formula submitted on EPA Form 8570-4 and dated August 5, 1992 is acceptable under the Federal Insecticide, Fungicide and Rodenticide Act as amended and has been added to the EPA record for this pesticide product registration.

The proposed labeling submitted with the subject application is acceptable for registration under the Act, provided that you:

1. Revise the "Equivalent to ____% 3,6-Dichloro-o-anisic acid" to read 0.220% to reflect the change in the percentage of dicamba in the product.
2. Revise the Storage and Disposal statements to include a container disposal statement as specified in PR Notice 83-3. For this aerosol product the statement should read: "Replace cap and discard container in trash. Do not incinerate or puncture." Note: The owner of this product must be able to easily determine how to dispose of the container after it has been emptied, your label must clearly communicate this.
3. Submit 5 copies of final printed labeling before releasing the product for shipment.

213
-2-

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA, Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the proposed label is enclosed for your records.

Sincerely yours,

Joanne I. Miller
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (H7505C)

Cudweed	Henbit	Prickly Lettuce
Curly Dock	Knotweed	Purstane
Dandelion	Lambsquarter	Sheep Sorrel
Dollarweed	Matchweed	Shepherds Purse
English Daisy	Mustard	Yarrow

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Use anytime weeds are conspicuous and temperatures are 50 degrees F or higher. When handling this product, wear chemical resistant gloves.

SHAKE WELL. No stooping necessary. Stand upright, extend your arm so container is a comfortable 2-3 feet above ground. Invert can so top is aimed at center of weed. Place finger on end of actuator and press firmly. Only a light burst needed! Dranching does not increase effectiveness. APPLY TO INDIVIDUAL WEEDS ONLY.

Weeds start to wilt in a few days and gradually decline. A full month may be required for complete fadeout. Repeat in three or four weeks if weeds persist.

It is not necessary (or desirable) to remove dead weeds. They will eventually disintegrate and disappear if left alone.

Avoid drift or application to nearby garden plants, flowers or shrubs. Do not apply within dripline of desirable plants. Do not spray on bent grass, St. Augustine grass, clover or newly seeded areas, as they may be permanently injured. Do not contaminate water used for irrigation or domestic purposes. Do not store near fertilizers, seeds, insecticides or fungicides.

Precautionary Statements
HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION. Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. If on skin, wash with plenty of soap and water. For eyes, get medical attention. Wash after each use.
ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.
PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. To be stored in original container in an area inaccessible to children. Do not store near heat or open flame. Do not contaminate food or feed by storage or disposal.
PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law and may contaminate ground water. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
