Subject: 882 Spray Disinfectant
EPA Registration No. 10900-56

Amendment Dated October 20, 2000

Attn: Jamie Zajac
Regulatory Affairs Specialist

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following provisions:

1. Revise the Precautionary Statements to read:

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Warning: Causes skin irritation. Harmful if absorbed through skin. Causes moderate eye irritation. Do not get on skin or on clothing. Avoid contact with eyes. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Remove contaminated clothing and wash clothing before reuse.

2. Change the heading "STATEMENT OF PRACTICAL TREATMENT" to "FIRST AID" and revise to first aid statement to read:

FIRST AID

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an

CONCURRENCES

DATE	11-27-00						

unconscious person.

IF HALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

The First Aid statements should be in a box format and include the following statements and information near the First Aid statement described above.

Also on the front of the label, directly under "WARNING" delete "And Practical Treatment Statements" and revise to read "see side panel for Precautionary Statements".

A stamped copy of the label is enclosed for your records. Please submit one (1) final printed copy for the referenced label, incorporating the above changes, before releasing the product for shipment.

If you have any questions concerning the comments in this letter, you should contact Zenobia Jones at (703) 308-6198.

Sincerely,

Velma Noble

00882 Spray Disinfectant

00882 Spray Disinfectant is designed for use in Homes, Nursing Homes, Hospitals, Institutions, Offices, Schools, Motels and Hotels.

882 Spray Disinfectant has been designed specifically for Homes, Hospitals, Nursing Homes, Institutions, Offices, Schools, Motels and Hotels as a disinfectant, deodorant and air refresher. It is recommended for disinfecting of telephones, bed springs, door knobs, linen carts, hampers, wheel chairs, light switches, garbage pails and other clean, inanimate, hard non-porous surfaces.

When used as directed, 00882 Spray Disinfectant is formulated to disinfect inanimate hard surfaces (such as walls, desk tops, sink tops, telephones, door knobs, diaper pails, toilet seats, bed pans and hampers).

When used as directed, 882 Spray Disinfectant is formulated to disinfect inanimate, hard surfaces (such as garbage cans.)

In addition, 882 Spray Disinfectant deodorizes those areas which are generally hard to keep fresh-smelling (such as bathrooms, basements, closets, attics, laundry rooms, storage areas, kitchens, and other areas) which are prone to odors caused by micro-organisms.

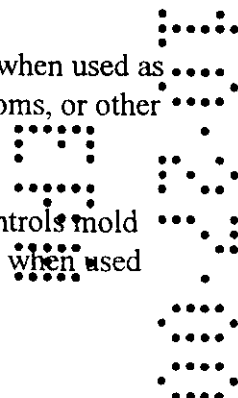

In addition, 00882 Spray Disinfectant deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, rest rooms, shower stalls and other odors caused by micro-organisms.

When used as directed, 00882 Spray Disinfectant demonstrates effective disinfection against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa* and *Trichophyton mentagrophytes*.

Demonstrates effective disinfection against *Staphylococcus aureus*, *Salmonella choleraesuis*, *Pseudomonas aeruginosa* and *Trichophyton mentagrophytes*. It is fungicidal against Pathogenic Fungi (Athlete's Foot Fungus) when used as directed on hard surfaces.

The product is fungicidal against Pathogenic Fungi (Athletes Foot Fungus), when used as directed on hard surfaces found in the bathroom, shower stalls and locker rooms, or other clean, hard, non-porous surfaces commonly contacted by bare feet.

MOLD AND MILDEWSTAT - 00882 Spray Disinfectant prevents and controls mold and mildew and the odors they cause on hard non-porous inanimate surfaces when used as directed.

AIR DEODORIZER: Eliminates bathroom odors, cooking odors and damp musty odors in basements or from poorly ventilated areas. Leaves a fresh scent.

DISINFECTANT: Kills household germs such as *Staphylococcus aureus*, Pathogenic Fungi (Athlete's Foot Fungus), *Salmonella choleraesuis*, *Pseudomonas aeruginosa* and *Trichophyton mentagrophytes*. Prevents and controls mold, mildew and the odors they cause. This product meets the AOAC efficacy standards for hospital-type aerosol disinfectants.

DISINFECTANT: This product is designed for use in homes. When used as directed, 882 Spray Disinfectant disinfects inanimate hard surfaces (such as walls, desk tops, sink tops, telephones, door knobs, diaper pails, toilet seats and hampers.) Deodorizes bathrooms, garbage storage areas and more.

DIRECTIONS:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SURFACE DISINFECTION AND DEODORIZATION:

- First remove soil deposits from surface to be treated.
- Hold can six inches from surface and spray until completely wet, allowing the surface to remain wet for 10 minutes.

AIR DEODORIZER AND AIR REFRESHER:

Point spray upwards to center of room and spray for three seconds.

MILDEWSTAT - To control mold and mildew on hard non-porous surfaces (such as floors, walls, table tops), spray the surfaces to be treated. Make sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

Precautionary Statements - Hazards to Humans & Domestic Animals

WARNING: Causes eye and skin irritation. Do not get in eyes, skin or on clothing -
Harmful if swallowed.

STORAGE AND DISPOSAL - Store in a cool, dry area away from heat or open flame.

DISPOSAL - This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (Do not Puncture!) If recycling is not available, wrap the container and discard in the trash.

STATEMENT OF PRACTICAL TREATMENT: In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink egg whites, gelatin solution or if these are not available, drink large quantities of water, Call a physician.

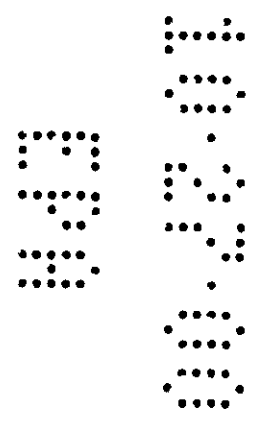

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 degree F may cause bursting.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Important Note: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

OPTIONAL HIV-1 DIRECTIONS - VERSION A (MUST BE USED WITH HIV-1 BULLET POINT)

KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES AND OBJECTS PREVIOUSLY SOILED WITH BLOOD OR BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surface or object with blood or body fluids, and in which the surfaces and objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus type 1 (HIV-1) (associated with AIDS) .

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV OF SURFACES AND OBJECTS SOILED WITH BLOOD OR BODY FLUIDS:

PERSONAL PROTECTION: Specific barrier protection items to be used when handling items: soiled with blood or body fluids are disposable latex gloves, gowns, masks, or eye coverings.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant.

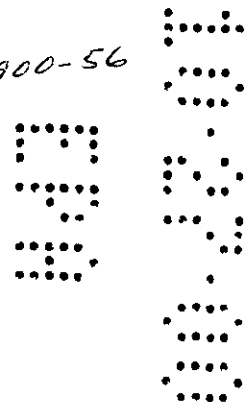

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious Waste disposal.

CONTACT TIME: Leave surfaces wet for 10 minutes. This contact time will not control other common types of viruses and bacteria.
