

Aqueous Insecticide Professional Strength

A Synthetic Pyrethroid for controlling the following flying and crawling insects:

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray.

Food should be removed or carefully covered before treatment. All food processing surfaces should be covered before treatment or thoroughly cleaned before using. In food processing plants apply only when plants are not in operation.

For Houseflies, Mosquitoes, and Gnats: Close all doors and windows. Point nozzle upward, direct the spray mist to all parts of the room, especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

Wasps: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

For Crawling Insects: Roaches, earwigs, grain mites, sowbugs, spiders and centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible. Repeat as necessary.

Ants: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

To use entire contents: Hold sprayhead stationary and rotate can until material sprays as shown.

Precautionary Statements Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash hands after use. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Do not spray animals. Remove pets, birds and cover fish aquariums before spraying. Do not use on food crops.

STATEMENT OF

PRACTICAL TREATMENT

In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not puncture. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

STORAGE AND DISPOSAL

Disposal: Do Not Reuse Empty Container. Wrap and Put in Trash Collection.

Storage: Store in a Cool Dry Place. Keep Container Closed.

Important Note: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

Dear Mr. Raymond:

Subject: Active to Inert Ingredient Substitution
Your Label and Your Confidential Statement of
Formula Dated March 30, 1990
EPA Registration No. 10900-60

The amendment referred to above, submitted in connection with
registration under the Federal Insecticide, Fungicide, and Rodenticide
Act, is acceptable subject to the following comments:

1. Submit a revised Confidential Statement of Formula. Please
provide the density of the product, the flashpoint of the product
with the propellant, and the pH of the product.
2. Revise the sumithrin portion of the ingredients statement to read
as follows:

Active Ingredients:

d-cis + trans 3-phenoxybenzyl-(1RS,
3RS; 1RS, 3SR)-2,2-dimethyl-3-
(2-methylprop-1-enyl)cyclopropane-
carboxylate 0.200%

3. Add the following Environmental Hazards block:

Environmental Hazards

Do not apply directly to water or wetlands
(swamps, bogs, marshes, and potholes).
Cleaning of equipment or disposal of wastes
must be done in a manner that avoids
contamination of bodies of water or wetlands.

4. Change the Physical or Chemical Hazards statement to read:

Extremely flammable. Contents under pressure.
Keep away from fire, sparks, and heated
surfaces. Do not puncture or incinerate
container. Exposure to temperatures above
130 °F may cause bursting.

5. Change "See a physician" to "Get medical attention if irritation
persists" in the "If In Eyes" section.

6. Add "Get medical attention if irritation persists" to the "If On
Skin" section.

A stamped copy of the label is enclosed for your records. Submit
five (5) final printed labels.

Sincerely yours,

Phil Hutton
