Mr. Jamie Zajac, Regulatory Affairs Specialist  
The SherwinWilliams Company  
601 Canal Road  
Cleveland, Ohio 44113

MAY 31 2001

Subject: Application for Amendment of an existing registration in response to PR Notice  
2001-1 First Aid Statements on Pesticide Product Labels

Registration No: 10900-60  
Product Name: 871 House and Garden Insect Killer  
OPP Identifier No.: 284672  
Date of Submission: March 20, 2001

Dear Mr. Zajac,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. The footnote "\*\* cis/trans isomer ratio; max, 25%(+ or -) cis min. 75% (+ or -) trans" is not associated with an active ingredient listed within the active ingredients listing.
2. Expression of Net Contents: The Agency suggests the use of the language "Net Contents" prior to the actual weight such as "Net Contents 1 lb. 3 oz.. The use of Metric units after the avoirdupois pounds and ounces is optional.
3. The title "TO KILL ORNAMENTAL PLANTS LISTED BELOW:" must be corrected to state "TO KILL ORNAMENTAL PLANT PESTS LISTED BELOW."
4. The statement "Company Name" is not adequate. The Agency Label review manual states the following:

"The company name and address of the registrant must be on the pesticide product label. The name and address should be that of the manufacturer and can be preceded by "Manufactured by...." If the registrant is not the manufacturer (producer), the name and address must be qualified by the phrase "Manufactured for..." to indicate that the name shown is not the producer. The name and address must be displayed prominently and within

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE USING. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.**

**INDOORS: To Kill Fleas, Mosquitoes, Small Flying Moths, Gnats and Wasps:** Close all doors and windows and direct spray upward into center of room, with a slow sweeping motion. Spray 5-10 seconds in average rooms. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

**To Kill Cockroaches, Ants and Crickets:** Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas wherever these pests are suspected of hiding. To kill Ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

**To Kill Carpet Beetles:** Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, and areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

**To Kill Exposed Forms of Confused Flour Beetles, Saw-Toothed Grain Beetles, and Rice Weevils:** Find and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.

**To Kill Sowbugs, Centipedes, Firebrats and Spiders:** Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.

**To Kill Fleas and Brown Dog Ticks:** Remove and destroy old pet bedding. Spray sleeping quarters of pets, around baseboards, window and doorframes, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pets quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

## OUTDOORS:

**To Reduce Annoyance of Houseflies, Mosquitoes, Gnats and Small Flying Moths:** Spray area infested with these flying insects. Hold container 8-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated areas. To reduce annoyance from these pests treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

## TO KILL ORNAMENTAL PLANTS LISTED BELOW:

**GENERAL:** When sprayed directly onto insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth on young plants. **WHEN SPRAYING HOLD CAN 18-24 INCHES FROM PLANT.** For best results, spray in the evening or on a cloudy day when air is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with sprays. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90°F.

## SPRAY CHART

| INSECT                        | PLANTS  |
|-------------------------------|---|
| Eastern Tent Caterpillar..... | Ornamental Cherry   |
| Aphid.....                    | Spires, Rose, Crape Myrtle  |
| Cankerworm.....               | Ornamental Crabapple  |
| Leafhopper.....               | Rose  |
| Lacebugs.....                 | Andromeds, Azaleas  |
| White Flies.....              | Rose, Crabapple, Ornamental<br>Cherry, Spires, Chrysanthemum,<br>Gardenia |
| Spider Mites.....             | Rose  |
| Japanese Beetles.....         | Rose  |
| Mealybug.....                 | Chrysanthemum, Purple Passion Vine  |
| Ants.....                     | Peony   |
| Caterpillar.....              | Orleander   |

To use entire contents: Hold sprayhead stationary and rotate can until material spray as shown:

### PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS & DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed or absorbed through skin. Avoid breathing vapor. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food processing, storage, preparation or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### FIRST AID

#### IF SWALLOWED

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

#### IF ON SKIN OR CLOTHING

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

#### IF INHALED

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

## STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store in a cool area away from heat or open flame.

**PESTICIDE DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

**Important Note:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

ONLY FOR SALE TO USE, AND STORAGE BY SERVICEPERSONS

Company Name

The image displays a page from a musical score, likely for a string quartet. It features four staves, each with a different instrument: Violin I, Violin II, Viola, and Cello/Double Bass. The notation is in standard musical notation, including notes, rests, and dynamic markings. The score is written in a single system, with the instruments arranged vertically. The page is numbered '1' in the bottom right corner.
