

Multi-Purpose Insecticide II

A Synthetic Pyrethroid for controlling the following flying and crawling insects:

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. See side panel for additional instructions.

Remove protective cap. Aim spray opening away from person. Push button to spray.

For household and industrial use, indoors and around premises.

INDOORS: To Kill Wasps, Hornets, Yellow Jackets, Bees: Application should be made late in the evening when insects are at nest. Spray liberally into hiding and breeding places, particularly under eaves, contacting as many insects as possible. Saturate areas in and around nest openings. Repeat as necessary.

To Kill Ants, Cockroaches, Spiders, Earwigs, Grain Weevils, Sawbugs, Crickets, Beetles, Silverfish, Centipedes, and Millipedes: Direct spray to contact these insects in cracks and crevices in floors, baseboards, around pipes, behind cabinets, and other harborage. Spray these infested areas until thoroughly wet. Repeat as necessary.

To Kill Ants: Spray directly on insects, and around window frames, doors, and trails and hills.

To Kill Spiders: Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders.

OUTDOORS: Apply as a contact spray. Spray directly on insects. Aim spray away from person. Avoid spraying plants or turf except to spray infested areas.

Ants: Same as directed above for indoor use. **Wasps, Hornets, Yellow Jackets, Bees:** Same as directed for indoor use. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate in and around the nest openings. Contact as many insects as possible. Repeat as necessary.

Earwigs, Sawbugs, Crickets, Beetles, Silverfish, Centipedes and Millipedes: Apply as a contact spray, as for indoor use. **To Kill Tent Caterpillars:** Application should be made when caterpillars are young and ants are first noticed. For best results apply in the late afternoon or evening, when caterpillars have returned to their tents. Aim spray directly at tents, and totally saturate on all sides. Repeat as necessary.

To use entire contents: Hold sprayhead stationary and inhale can until material sprays as shown.

STORAGE AND DISPOSAL

Disposal: Do Not Reuse Empty Container. Wrap and Put in Trash Collection.

Storage: Store in a Cool Dry Place. Keep Container Closed.

Important Note: Buyer assumes all risks of use, storage or handling of this material, not in strict accordance with directions given herewith.

ONLY FOR SALE TO, USE, AND STORAGE BY SERVICE PERSONS
