Solon, Ohio 44319-3528

Subject: Revised Labeling  
858 P.D. Aqueous Roach & Ant Spray  
EPA Registration Number 10900-67  
Your Notification Dated April 10, 1997

Dear Mr. Zajac:

This notification was processed as an amendment application. We do not formally review or use the "Accepted" stamp on labeling submitted with notifications.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, is acceptable provided that you make the labeling change indicated below before you release the product for shipment bearing the amended labeling:

On the front panel (the first page of the draft labeling), delete "Contains No CFCs." Alternatively, you may replace this claim with the statement, "Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols."

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

CQA

for Tina A. Levine, Ph.D.

## 858 P.D. Aqueous Roach & Ant Spray

**Directions For Use:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Shake well before using. To operate hold can upright, direct orifice toward the surface to be treated, and press the actuator button. Do not use as a space spray.

To kill ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, firebrats, pillbugs, silverfish and spiders; thoroughly apply as a spot treatment to areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills and frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

To kill fleas and brown dog ticks; apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, and nearby cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

To control flies, gnats, hornets, mosquitoes, small flying moths, wasps and yellow jackets; use only on outdoor surfaces. Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

### APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.

Application Within Food Handling Establishments (Places other than private residences in which exposed food is held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation): Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs. Apply in small amounts directly into cracks and crevices, in points between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases. Do not use this product in conduits, motor housings, junction or switch boxes. Prior to application de-energize electrical equipment. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food and food processing surfaces.

**BEST COPY AVAILABLE**

Application Within Food Serving Areas (Facilities where foods are served, such as dining rooms, but excluding areas where foods may be prepared or held): Apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

**Precautionary Statements:** Hazards to Humans and Domestic Animals

### CAUTION

Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish bowls before spraying.

### STATEMENT OF PRACTICAL TREATMENT:

If on Skin: In case of contact, remove contaminated clothing and immediately wash skin with soap and water.

If in Eyes: Flush eyes with plenty of water. Call a physician.

If Inhaled: Remove victim to fresh air. Apply respiration if indicated.

### PHYSICAL HAZARDS

Contents under pressure. Foam can ignite. Keep away from sparks, pilot lights and other flames both during use and after use, until foam disappears. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F may cause bursting.

**DISPOSAL:** This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (Do not Puncture!) If recycling is not available, wrap the container and discard in the trash.

**Important Note:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
